PRICE FIVE CENTS

15 ARE FINED \$2,200 TODAY FOR GAMBLING

The county of Adams became at least \$2,200 wealthier this morning from pinball machines, punch boards and "fish bowls."

Fines levied by the court on 15 defendants appearing before it on charges of "establishing a gambling place" totaled \$2,200. In addition money that is found in the pinball and other machines taken into custody in the April 30 raids which resulted in the arrest of 16 defendants on gambling charges is to be turned over to the county treasurer.

One of the organizations involved, the Littlestown Eagles, kept the "gambling money" separate and the \$96.10 found there was also confiscated and turned over to the county treasurer. The others said they put any sums realized from the punch boards, etc., in with the general funds in the cash register and no money was confiscated at those places.

\$300 A MONTH ITEM

Cakes, candy, cameras, cigars, fruit juices and quantities of merchandise seized during the April 30 raid will be disposed of by the county on orders to be handed down later by the court. The pinball and other machines are to be destroyed by the sheriff, according to the court order.

James Robert Ulrich, Littlestown R. 1, the steward in charge at the Littlestown Eagles when it was raided, was ordered to pay \$250 for the use of the county and the costs on the charge against him. Twenty-five punch boards were taken into custody there. Officer Joseph L. Poochba said books showed income of \$300 to \$400 a month at the lodge. Ulrich said he did not know where the punch boards were secured since they were purchased by Monroe Staveland.

Howard Clark Wishard, Fairfield R. 1, operator of Wishard's Service Station "below the Pentagon" was fined \$50 for the use of the county and ordered to pay the costs.

OTHERS FINED

Wishard said the police took one of two pinball machines in his establishment and that the one they took was the one he thought was legal, whereas the

CAR'S SERIAL NUMBER GETS MAN 60 DAYS

William C. Jenkins, Dick's Dam, New Oxford R. 1, who claimed he "lost \$1,500 on that mess," was sentenced to 60 days in the county jail this morning on a charge of having in his possession a motor vehicle with an altered serial number. He was also ordered to pay a fine of \$200 and the costs.

Jenkins told the court that an acquaintance of his, plus another man, came to his home with a \$4,900 Oldsmobile car. They wanted to borrow \$1,500, he said, and he gave them that amount and held the car and its title as security.

Cpl. Robert Brady of the local state police, said the car had been offered for sale apparently at \$2,000. He said it was found on Jenkins' farm February 20, that the car had been stolen and that the manufacturer's serial number from another car had been substituted for the one that should have been on the vehicle.

HAS RECORD

Jenkins' prior record was presented to the court. Corporal Brady said Jenkins had changed his name from John Ward Miller when he moved to Adams County about 20 years ago. Asked why he called himself Jenkins instead of by his right name, the New Oxford R. 1 man said, "It was a foolish notion, I guess."

John Louis Gebhart, New Oxford R. 1, charged with driving during suspension, was given a suspended sentence and placed on probation for 30 days on condition he pay \$150 for the use of the county and the costs.

Richard Paul Black, Bendersville, charged with furnishing beer to minors, was ordered to pay a fine of \$150 and the costs.

James C. House, Chambersburg, charged with driving during suspension, was given a suspended sentence, place on probation for 30 days and ordered to pay \$150 for the use of the county and the costs.

Sprinkler System Checks Early Blaze

Gettysburg firemen were summoned at 5 o'clock this morning to extinguish a fire in the roof of the Adams County Novelty Company, between Carlisle and N. Stratton Sts.

Firemen said the blaze burned through the roof above the dry kiln and estimated damage at \$300. They said a sprinkler system in the building tripped and kept the flame from spreading until firemen arrived.

ROBERT W. FOX IS ELECTED TO HEAD LEGION

Robert W. Fox, 123 Baltimore St., was elected commander of the American Legion at its meeting Monday evening in the American Legion home, Baltimore St.

Fox, a veteran of the Korean War, is a son of a former commander of the post, Robert Fox, and nephew of two other past commanders, Paul B. Fox and Richard Fox.

He will be installed, with other newly elected officers in October, succeeding Kenneth B. Selby.

Dr. Frederick Tilberg was named first vice commander, and J. Herbert Bowling, who had previously served as commander, was named second vice commander.

OTHERS RE-ELECTED

Officers re-elected were Harold J. Small, adjutant; Richard H. Finkboner, finance officer; Paul L. Spangler, historian; Richard L. Fox, chaplain; L. Glenn Minter and Howard Hartzell, sergeants at arms, and Claude Boycott, trustee.

Robert F. Holton, 24 Baltimore St., was elected a member, bringing the membership to 712. The post's goal is 779 by June 16.

Two high school youths, Larry Kepner and Dennis Guise, were selected to attend the annual Keystone Boys Camp held by the state American Legion each summer.

Elected as delegates to the state convention to be held July 17 to 20 at Philadelphia were Kenneth Selby, Robert W. Fox, Robert Redding, Harold Dayhoff, Dale Bowling, S. Charles Smith, Clyde Bowling and Harold Small. Named as alternates were Dorsey Rebert, Donald MacPhail, Harold Day, Frank Merriken, John Maloney, Howard Hartzell, Harold Settle and Wilmer Drach.

The delegates and alternates were asked to attend, with their families, a meeting of the 22nd District at St. Thomas July 5. A new 22nd District commander will be elected.

County To Receive \$3,450 From State

Adams County will receive \$3,450.22 in quarterly subsidy payments from the state department of welfare to help meet the costs of county child welfare services to dependent, neglected and delinquent children, according to an announcement today from Public Welfare Secretary Arlin M. Adams.

Adams said the grants are computed by the state agency in accordance with a formula based on relative need and the fiscal capability of the county. The payments are conditional on the county child welfare program meeting the regulations of the department.

Adams County is one of 63 counties in the state to receive a total of \$738,071.78 for the April-May-June quarter.

India's Ruling Party Elects Mild Mannered Bahadur Shastri Leader

By DAVID LANCASHIRE
NEW DELHI, India (AP) — India's ruling Congress party named mild-mannered Lal Bahadur Shastri by acclamation today to succeed the late Prime Minister Nehru. He pledged to work for Nehru's goal of a united, Socialist India.

"Socialism is our objective," Shastri said shortly after Congress party members of Parliament named him their leader, a designation which automatically carried nomination as prime minister.

Shastri, 59, gave no clue to the foreign policy he will pursue. He indicated high regard for Nehru's daughter, Mrs. Indira Gandhi, a leading candidate for the foreign minister's post.

SHASTRI WEEPS

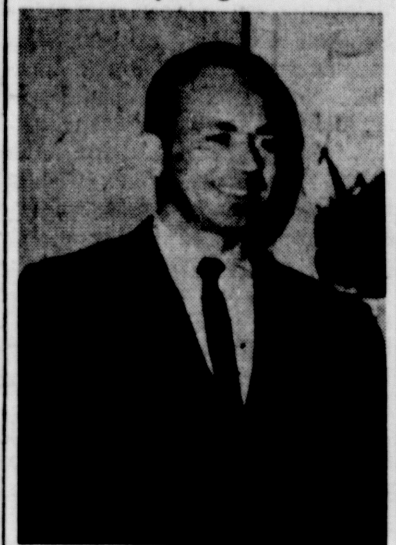

Shastri wept as he recalled Nehru's death last week and said of Mrs. Gandhi: "Her continued association with us will be a source of strength to all of us."

TRESSLER HAS RESIGNED AS HS PRINCIPAL

Charles E. Tressler, who is completing his second year as principal of the Gettysburg Senior High School, has submitted his resignation, it has been learned by The Gettysburg Times.

The same source said Mr. Tressler has accepted a position as a member of the faculty of Hood College, at Frederick, Md. He will serve in the Education Department there.

The office of Supt. of Schools H. Edgar Riegle would neither confirm or deny the report today but said that resignations are announced first to the members of the Gettysburg Joint School Board.

Hopes To Pass Civil Rights Bill By June 18

WASHINGTON (AP)—Senate Republican Leader Everett M. Dirksen said today he expects the Senate to pass the civil rights bill by June 18—if next week's effort to cut off debate is successful.

Dirksen said he "would rather guess" supporters of the House-passed legislation would be able to muster the necessary two-thirds vote to impose cloture and cut off the rights debate. If all 100 senators vote, the votes of 67 senators will be needed.

Dirksen and Democratic Leader Mike Mansfield agreed Monday to file a cloture petition—which requires 16 names—on Saturday. This would mean a vote next Tuesday, June 9.

Dirksen said he was confident the GOP forces would produce more than two-thirds of their number for cloture. There are 33 Republican senators.

ROTARY TOLD JULY 4TH BOWS TO MAY 30TH

Memorial Day has "in a very real sense" taken over some of the symbolism of July 4 in America's scheme of things, Dr. Charles H. Glatfelter, dean of Gettysburg College and past president of the Adams County Historical Society, told the Rotary Club at its meeting Monday evening in the YWCA.

Where once "the Glorious Fourth" was marked by parades and orations recalling the proud history of the nation and the sacrifices of its men for freedom, today Memorial Day has become the day of recollection for the nation while the "Fourth" has to a large extent been shorn of that type of activity.

The change, he said, "in a way was very natural. Independence Day marked the beginning of freedom as a nation, and we honored the veterans of the Revolution with the programs and orations. By the time of the Civil War the heroes of the Revolution and the War of 1812 were gone. There was a new group of heroes to honor. And thus, when General Logan suggested Memorial Day in 1863, the idea immediately spread and in time Memorial Day, with its old men of the Civil War, and later the men from succeeding wars, took to a large extent the place of 'The Glorious Fourth' in our nation's way of things."

RECALL THE PAST

"The tradition of the Fourth as a time when speakers reviewed the significant things about the nation, the things that set us apart, as a nation, continued strong until Memorial Day began. Abraham Lincoln among others made it a point to speak or every Fourth, as a matter of conviction."

Sgt. Donald Moser Ends Marine Service

Sgt. Donald P. Moser, son of Mr. and Mrs. Harry Moser, 516 York St., has returned home after receiving his discharge from the U.S. Marine Corps at Camp Pendleton, Calif., on May 22. He served more than seven years.

Moser, a graduate of Gettysburg High School in the class of 1956, took his boot training at Parris Island, then was assigned to Camp Lejeune, N. C., and later to Albany, Ga. Since 1960 he served at Camp Pendleton where he was a member of the First Marine Division Band. He made many concert tours with the band and for the last three years was a member of a composite Marine Band that marched in the Tournament of Roses parade at Pasadena.

He plans to enter Carlsbad Junior College at Oceanside, Calif., in the fall and complete his college work at San Diego State University in preparation for a teaching career.

CLUB TO MEET

The "Singing Sewers" 4-H Club will meet Monday afternoon at 2 o'clock at the Hartman home, Wade Ave. Vera Hartman will give a demonstration on "Your Sewing Box."

The health team will present a skit "Who Me?" Members are asked to bring a two-hole button, a four-hole button, a shank button, a needle and thread, a tape measure and a piece of material six inches square.

ELKS PICNIC

The Gettysburg Elks will hold their annual stag picnic Sunday, August 9, at the Moose Park, Lincolnway East.

LUTHERANS TO CONVENE HERE JUNE 8 TO 10

Approximately 900 pastors and laymen will meet at Gettysburg College June 8-10 for the third annual convention of the Central Pennsylvania Synod, Lutheran Church in America. The laymen will form about one-half of the above figure and will be delegates from the 621 congregations of the synod.

Chief interest will center in the discussions of theological education and the Lutheran Seminary here. The joint study committee on theological education, composed of representatives of the Maryland and Central Pennsylvania Synods, has been at work about a year and a half and will present a special report Wednesday afternoon, June 10. It is expected that the report will center on the objectives and content of theological education, rather than on the location or administration of seminaries.

Recent developments relating to the seminary here and its prospects for the future will be before the convention when the reports of the directors of the seminary, and its president, Dr. Donald R. Heiges, are given. There are definite prospects for closer co-ordination with the Lutheran Theological Seminary at Philadelphia in administration, curriculum and faculty activities.

IMPORTANT TOPICS

Other areas of the church's part in higher education will be viewed when the committee on college and university work reports. Dr. Francis Gamelin, a staff member of the LCA board of college education and church vocations, will speak on the church's ministry to students. Pastors and delegates will be confronted with the need for more men for the ministry. Enrollments of students for the ministry are dropping, while the call for ministers and other

COUNCIL PUTS MORE MONEY ON INTEREST

Borough council will increase a present \$12,687.50 certificate of deposit to \$15,000 June 20 as a result of action at Monday night's meeting in the engine house.

Finance Chairman John Welshonce called council's attention to the fact that a certificate of deposit for \$12,687.50 will come due June 20 and recommended that the \$507.50 interest the town will receive on the money plus \$1,800 from the general fund be added to the certificate to make a total of \$15,000 and that a new certificate, for the \$15,000 amount be secured. Council approved the motion. The action will bring to \$75,780 the amount the town will have on certificates of deposit.

TAXES COMING IN

Borough Treasurer Charles E. Kuhn's report showed income of \$17,493.41 during the month, of which \$11,400 was turned in by Tax Collector J. Herbert Weikert. The amusement tax provided \$889.11; parking meters, \$4,350.41; fines \$55, Aero Oil Co., \$52.16; building permits, \$192.39 and collections by the mayor, \$506.50.

Expenditures were \$11,841.14 of which \$1,565.50 was for general government; \$4,293.92 protection to persons and property; \$2,759.23 highways; \$1,140.68 electricity; \$2,081.91 recreation. So far this year the town spent \$74,947.17. At present it has a cash balance of \$44,843.62 plus \$73,467.50 in certificates of deposit.

Collections by the mayor included \$557 from parking meter fines; \$30 for permits; \$3 rental of parking meter space; \$1 for a guide license and \$5.50 from sale of maps.

Chief of Police Jack Barlett's report showed five criminal and 14 traffic arrests, 291 complaints investigated by the officers; 18 escorts and 58 "assists" provided by the officers. Four of six lost wallets were found, as were four of five stolen bicycles, and 6 of 6 lost persons.

COMMITTEE TO MEET

The Home Economics Advisory Committee of the Adams County Agricultural Extension Association will meet Wednesday afternoon at 1:30 in the extension office, 111 Baltimore St., the extension home economist, Mrs. Helen D. Tunison, has announced. Plans for the fall and the 4-H program will be on the agenda.

Commencement Is Held Monday

The Sixth Grade commencement and musical program of the Fairfield Joint School System was held Monday evening with Dr. Russell Rosenberger, head of the department of education of Gettysburg College, as guest speaker. He told the graduates "we are in bondage to the past because we study from books we did not write, we attend schools which we did not build, we have acquired knowledge and skill from science and invention. We can pay this debt by living every day in the very best way you know how, doing every task to the best of your ability, in junior high school do every examination thoroughly and completely. You will be training yourself to do your share and carry your share of responsibility."

Richard C. Lightner, vocational advisor, brought greetings to the 36 graduates. He said that he hoped that they would all continue their education until graduation from high school in 1970.

The PTA award of a \$25 Savings Bond was presented to Luther Sanders by Ira Carson, PTA treasurer.

TEACHER IS SELECTED BY FRANKLIN BD.

The Franklin Twp. School Board at its regular June meeting Monday evening elected a teacher to complete its staff for the term that will open in September. At the same session, the directors chose a substitute part-time nurse and librarian for the first half of next year.

The new teacher is Miss Elaine Hartzell, Fayetteville, who will graduate next week from Gettysburg College. She was voted an annual salary of \$4,500 and will teach in the departmentalized Fifth and Sixth Grades.

To fill a vacancy caused by a leave granted recently to Mrs. James Pickering, McKnightown, for the first half of next year, the board chose Mrs. Stanley Rebert, Cashtown, as substitute librarian one day a week for the first half of the year. A registered nurse, Mrs. Lorraine Sharrah, Biglerville R. 2, was elected as substitute school nurse for one day a week. Both positions are now filled by Mrs. Pickering.

PRE-FINAL INSPECTION

Principal Hobart Benchoff reported 46 already enrolled for kindergarten in the fall and 48 for First Grade.

It was announced that a pre-final inspection of the Franklin Twp. school building will be held at 1:30 p.m. June 15 while the final inspection will be made in August. A letter of appreciation was read from Mrs. Zora Stambaugh, Franklin Twp. teacher who is retiring at the end of this school year. A dinner was tendered in her honor last week and gifts were presented to her. Bills totaling \$30,229 were ordered paid, including \$12,000 to the joint school district and \$6,727 for the township's share of high school rentals.

President Thomas O. Oyler presided with all directors present.

YOUNGSTER TREATED

Kathy Kepner, 2, daughter of Mr. and Mrs. Willis D. Kepner, Biglerville, fell against a concrete wall while visiting in Waynesboro over the weekend, and cut her chin. Three sutures were taken to close the wound at the Waynesboro Hospital.

Top-Level U.S. Policy Makers Ponder New Move To Stop Red Aggression

By ROBERT MYERS
HONOLULU (AP) — American policy makers, in the final hours of their secret strategy talks, were occupied today with the question of what more the United States must do to prop up Southeast Asia against intensified Communist pressure.

The two-day meeting already was setting off political reverberations in election-conscious Washington. But the assembled diplomatic and military authorities at Pacific Command headquarters appeared to ignore—at least officially—everything but the subjects at hand.

LONG SESSION

Efforts to solve the Southeast Asia crisis began Monday with a more-than nine-hour session that convened in a heavily guarded room, moved to a private beach for a working lunch and closed back behind locked doors.

That same schedule was in force today with most of the of-

Council Bars Use Of Part-time Policemen After Lengthy Debate

TOWN ACCEPTS DEED FROM RR TO NEW STREET

Gettysburg borough council Monday night voted to accept from the Reading Railroad a deed to the street leading from N. Washington St. to Constitution Ave. and at the same time moved immediately to alleviate the dust condition on the street by placing oil today.

Carl E. Seifrit, N. Washington St., and other residents of that area were at the council session in the engine house Monday evening to ask council to "do something about the dust." Seifrit reported that residents of the area had written the Reading Railroad last year and again this year concerning the problem.

Council President Philip M. Jones then directed the borough secretary, Anna M. Drach, read a letter from Beaver Gross, director of real estate for the Reading Railroad, offering the town a deed for the street owned by the railroad. Council voted to accept the deed for a 50-foot width from N. Washington St. to the present "Constitution Ave." owned by the borough. The "avenue" runs behind the college stadium from W. Lincoln Ave. to the Reading Railroad freight station and connects there with the railroad's street. The present railroad-owned street is 28 feet wide. A bridge across the Tiber on the railroad-owned street was described as "in good shape and holding tank trucks without strain."

LEAVES "REC" BOARD

Borough Highways Chairman Robert McCoy was asked to phone the Reading Railway this morning to report that council will accept the deed to the street and ask permission for the borough to use oil or some other substance on the road today to alleviate the dust.

Guile W. Lefever's resignation as a member of the recreation board was accepted with regret by council and Russell Campbell Jr., 224 Springs Ave., was appointed to fill out the remaining two years of Lefever's term.

Council also voted to direct the borough solicitor to draw up an ordinance, for adoption next month, increasing the number of members of the recreation board from five to seven. Councilman William Lenz explained that the program of the recreation board has expanded to such an extent that council believes the board should be expanded.

TO ASK FUNDS

Insurance Broker Harry D. Ridinger reported plans to have the new building at Recreation Park.

Miss Joan Heiges To Receive Degree

Miss Joan Heiges, daughter of Dr. Donald B. Heiges, president of the seminary, and Heiges, Seminary Ridge, is a candidate for the Bachelor of Arts degree from Wittenberg University at the 119th commencement exercises June 8.

Miss Heiges is a member of Phi Sigma Iota, romance language honorary; Phi Alpha Theta, history national honorary, and of the Alpha Delta Pi sorority. A dean's list student, she is majoring in English and French.

Top-Level U.S. Policy Makers Ponder New Move To Stop Red Aggression

Officials, including Secretary of State Dean Rusk, who presided, and Secretary of Defense Robert S. McNamara, who planned to fly home to Washington after final adjournment about dusk. None of the conferees would disclose what directions their meetings were taking. It appeared likely that details of any recommendations will be revealed only after approval by President Johnson.

POLITICAL REACTION

Political reaction to the talks came from Rep. Melvin R. Laird, R-Wis., chairman of the Republican congressional campaign committee. He said in a Congressional Record statement that the conference won't be productive unless the administration gives up what he termed false premises that belong in the past.

Laird said executive policy in Southeast Asia is unrealistic in its approach to Communist-in-

Gettysburg Borough Council Monday night banned use of part-time policemen in the borough.

In a lengthy discussion in which practically every facet of use of the part-time police was explored, council finally voted to do away with the custom of hiring extra police for Friday nights, Saturday mornings and Sunday afternoons when traffic is at its peak in the borough.

Mayor William G. Weaver said he would abide by council's decision, but that he wanted it understood that it is action of council, and not his choice, that removed the police from duty during peak traffic periods. The part-time police have been on duty at the crossings in Lincoln Square at peak traffic periods since Weaver assumed office about two years ago.

RULED "ILLEGAL"

Under the latter part of the regime of former Mayor Wilbur L. Plank there were no extra policemen used for traffic duty and Mayor Weaver said "it was because of so much public protest of inability of pedestrians to get across the street at the busy times, and the problems of traffic snarls resulting from no police control, that I made it a point to put the extra policemen on duty."

Council's action of Monday night was based upon the same cause as was Mayor Plank's action several years ago — the question of whether hiring of part-time policemen regularly for traffic duty is legal. Several years ago when the problem first came up under Mayor Plank, then Borough Solicitor Eugene V. Bullett ruled that hiring extra policemen regularly was flatly illegal. Present Borough Solicitor Donald G. Oyler also expresses the opinion that the hiring of the part-time policemen is illegal.

CLAIMS "EMERGENCY"

Mayor Weaver has held that the men can be hired under the broad powers that give the mayor the right to secure ad-

JUDGE HURT IN COLLISION

Judge W. C. Sheely, 62, of 69 E. Broadway, suffered a slight contusion of the left hip when the car he was driving was struck by a truck Monday afternoon at 2:20 o'clock 2.3 miles east of McConnellsburg on the Tuscarora Mountains.

State police who investigated reported that Richard M. Pollock, 30, Portage R. 2, was driving a 1956 Chevrolet flat bed truck west on the Lincoln Highway when it skidded while making a right turn and crossed the wet highway into the path of Sheely's 1961 Chevrolet sedan.

The entire left side of the jurist's car was damaged to the extent of \$600. Damage to the left front of the truck was estimated at \$150.

D. M. Anderson, Adams County probation officer, and Judge Sheely were returning from Fulton County where they had transacted business. Anderson and Pollock were uninjured.

Police have charged Pollock with failing to yield half of the highway.

Fox's Band Will Play At N. Y. Fair

The Hempfield Senior High School Band, which is directed by Henry E. Fox, formerly of Gettysburg, has accepted an invitation to present a concert July 31 at the New York World's Fair.

The Hempfield Band recently won first place trophy for its appearance in the state Lions' convention parade at Harrisburg and was awarded a large trophy, top prize in the marching band division.

More than 100,000 saw it march in Harrisburg in competition with 42 other bands from many parts of the state.

Mr. Fox is the younger son of the Rev. Dr. and Mrs. Howard S. Fox, S. Stratton St. Dr. Fox is pastor of the Trinity Reformed Church here.

Foreign Officers Tour Battlefield

Three high-ranking foreign officers were guests Monday of the National Park Service. They were Maj. Gen. Pavitr Ngarm Ukos and Lt. Col. Snit Sakdoponraks of the Royal Thailand Army and Lt. Col. Carl Nielson, of the Danish Army. They were escorted by Major Oliver Crenshaw assigned to the Pentagon in Washington, and 1st Lt. Harold Huecker of the New Cumberland Army Depot.

Upon their arrival in Gettysburg the group spent two hours in the Visitor Center. After a briefing at the relief map the visitors were taken on a two-hour tour of the battlefield by a park historian.

Maj. Gen. Ngarm-Ukos, who commands the transportation corps of the Thailand armed forces, is in this country touring major military installations. He will leave for Thailand June 17.

2 Cars Collide In Biglerville Square

Damage totaled \$850 and one driver suffered minor injuries when two cars collided in the Biglerville square at 1:40 o'clock Monday afternoon.

State police said Clyde Abraham McCauslin, 60, Aspers, was driving south on Main St. in Biglerville and sought to make a left turn into York St. when his car and a northbound auto on Main St. operated by Richard Briner, 36, Carlisle, collided.

Damage was estimated at \$650 to the Briner car and \$200 to the McCauslin vehicle. Briner suffered lacerations but did not seek immediate medical attention.

15 ARE FINED

(Continued From Page 1)
one that had "worried him" because it might be illegal was the one police had called "legal."

Thomas Allen Duttera, Hanover, steward at the Littlestown VFW, was fined \$250 for the use of the county and ordered to pay the costs. Eighty-two punch boards were found at the home. He told the court he did not know where the punchboards were secured since the president of the Home Association is in charge of such purchases.

Charles Francis Brashears, New Oxford, steward at the New Oxford Social and Athletic Club, was fined \$200 for the use of the county and the costs. Fifty-four punch boards were confiscated there. Brashears said the boards were secured from Robert Small, a salesman for Hanover Candy and Tobacco Co.

Dean Richard Gardner, Gettysburg, steward at the Eagles lodge here, was fined \$250 for the use of the county and ordered to pay the costs. Three electrical coin operated machines and 41 punch boards were confiscated there. Gardner said the owner of the machines was Charles Bollinger.

Maurice Woodrow Shindiecker, Gettysburg, bartender at the Moose lodge, was sentenced to pay \$50 for the use of the county and ordered to pay the costs. The arresting officer, State Policeman Eugene Miljalk, said pinball machines at the Moose were found to be legal. There were no punch boards in evidence at the bar, but a search of a drawer under the cash register disclosed two punch boards, one partly used, the other unused. Shindiecker said he had not known the boards were there.

Midway man fined
Burnell Richard Cromer, Hanover, owner of Anchor Inn, Midway, was ordered to pay \$150 for the use of the county and the costs. Police said two pinball machines were found there. As in the other cases, the police indicated that pinball machines that operated by one coin only and had no device to tripping off the scores were legal, but those that would accept more than one coin to obtain additional advantages were illegal. The machines at the Anchor Inn were described as multiple-coin. Cromer said he secured the machines from Warner Novelty, Gettysburg.

Merle Preston Rudisill, Gettysburg R. 5, owner of the Gulf Service Station, 500 York St., was ordered to pay \$50 for the use of the county and the costs. Two pinball machines, one described as legal and one as illegal, were found by the raiding officers. Rudisill said the pinball machines owned by Harvey Warner Novelty Co., have been in his place since he bought it. "The man I got it from said they would help pay the light bill and they did."

John Edward Kerrigan, manager of the Gettysburg VFW, was directed to pay \$250 for the use of the county and the costs. Three machines, 19 punch boards and a fish bowl were found there. Kerrigan said the machines had been purchased "by the home association at open meeting for \$1 from Fred Hurley, Newville." Twelve of the punch boards, he said, were purchased from Roy McGlaughlin, Enterprise News Agency, and the rest from Hanover Candy and Tobacco.

John Henry Moore, New Oxford R. 1, owner of Cross Keys Service Station, was ordered to pay \$100 for the use of the county and the costs. He said the three pinball machines there were obtained from Warner Novelty and were serviced by Ed Kindig.

Edward Pittenturf, bartender at the American Legion Home, Baltimore St., was fined \$250 for the use of the county and the costs.

Pittenturf said the three multiple coin machines found there were owned by R. Bond Baker of Littlestown. A fish bowl and seven punch boards were also confiscated. The punchboards according to the arresting officers were in a closet. Pittenturf said he was the "upstairs man" at the Legion home, and did not know where the punchboards and fish bowl, which were found at a downstairs bar, may have been secured.

Anna Marcella Pittman, McConnellsburg, operator of the Highway Service Center, Franklin Twp., was fined \$100 for the use of the county and ordered to pay the costs. Two multiple coin pinball machines were found on her premises. She said they were supplied by Warner Novelty Co. and Edward Kindig services the machines.

Paul Vincent Kuhn, Gettysburg R. 4, operator of the American Oil Service Station on York St., was ordered to pay \$50 for the use of the county and the costs. He said he secured the pinball machine found in his premises from "Dick" Hamme, Hanover.

Charles Raymond Rupp Jr., bartender at the local Elks, was ordered to pay \$150 for the use of the county and the costs. Seven punch boards and two fish bowls were found at the Elks during the raid there. He said he did not know where the club had purchased the boards.

Stuart Lester Hetrick, Gettysburg R. 6, operator of the Hetrick Service Station on York St., was ordered to pay \$50 for the use of the county and the costs for a pinball machine found at the station. He said the machine was owned by Richard Hamme, Hanover.

ROTARY TOLD

(Continued From Page 1)

"Today speakers utilize Memorial Day for that same purpose to recall our nation's past, to suggest our nation's future course. "Yet I think there is a contradiction between the message of July 4 and of Memorial Day. Our founding fathers believed they had set in motion a new order of things, something far different from Europe. They spent their time warning against entanglement with European affairs. They claimed for our nation neutralism just as strong as that claimed by any of the newer nations of today. And this was part of their message of the Glorious Fourth. "On Memorial Day we commemorate not only the great things of our nation, but the men who have fought her battles. And the great majority of them have fought in what our founding fathers would have considered European wars."

President Rev. Robert A. MacAskill presided at the meeting. Gerald Hagenmayer asked Rotarians to assist Thursday or Friday nights in painting and repairing the Gettysburg Summer Theater building. Walter P. Lane reported plans to send five young men to Camp Carson. Dr. M. L. Stokes presented flowers to those observing birthdays: Clark Smith, Dr. Harold Dunkelberger and Ray Seltzer.

"WEEDS OF HATE"

The weed of hate bears bitter fruit . . . a saying old but true . . . for when a heart is full of hatred . . . skies are seldom blue . . . the ugly plant spreads untold woe . . . to those who touch its leaf . . . it can only bring much grief . . . the poison that this weed contains . . . is of a deadly kind . . . and once it gets a hold on you . . . you'll have no peace of mind . . . your days will be the dreary kind . . . nights full of doubt and fear . . . yes, hate is guaranteed to swallow . . . every bit of cheer . . . its roots stretch out across the earth . . . to cause unrest and war . . . no matter what the trouble is . . . hate will be at the core . . . though we are all aware of this . . . still grow the weeds of hate . . . I think we'd better mend our ways . . . before it is too late.

Council Bars

(Continued From Page 1)

ditional policemen in an emergency. The opposite argument, as advanced by the solicitors, is that the word emergency could be stretched to meet the problem posed at peak traffic times because it is perfectly obvious from year to year that there will be need for additional policemen at such times and that such times will occur—hence there is no emergency, but a regular condition that exists and is obvious from prior experience.

COST ANGLES STUDIED

Discussion indicated that use of the four extra policemen throughout the year costs the town about as much as the \$3,900 salary of a single policeman. Installation and maintenance of traffic lights at Lincoln Square would cost more per year than hiring part-time policemen, according to the discussion. Traffic lights in the square would not be an answer to the problem, according to the discussion. It was pointed out by Chief Jack Bartlett and others that Hanover has traffic lights in its square and uses policemen at peak periods to keep traffic moving. The discussion also indicated that the state will not give permission for traffic lights in the square so long as the center circle remains.

Attorney Oyer said that the "illegal" hiring of part-time policemen could mean a financial loss to each individual councilman. "The auditors could hold that these expenditures are illegal and surcharge each of you," he said. Some councilmen noted that part-time policemen have been used for years and that the auditors have never forced any councilmen to pay the salaries of part-time police out of the councilmen's own pockets. The answer was that while the auditors have always allowed the expenditures, there is always the possibility that some board of auditors might agree that the expenditure is illegal, and force the individual councilmen to make up from their own pockets the money spent for part-time police.

TO HIRE OFFICER

Council directed its Safety Committee to move with "full speed" to hire an additional policeman to fill the gap caused by removal of the part-time police. Mayor Weaver said that with an additional fulltime policeman work schedules of all police could be so revised as to permit a number to be on duty at peak periods of traffic. He said the one additional policeman would not permit meeting the peak traffic problem as well as four part-time policemen on duty at specified hours, but would help.

The Safety Committee was authorized to hire an additional fulltime policeman a month or two ago, but took no action because of the five men who passed the prior Civil Service examinations four do not want to be full-time policemen. The Safety Committee is supposed to have a choice of at least three before naming an officer, according to the discussion.

LEFEVER RESIGNS

An almost completely new Civil Service Commission was named Monday night. Guile W. Lefever, who had been chairman of the commission, sent in a written resignation stating that he is unable to devote the time required for the duty. His resignation was accepted with regret and his son, Dr. Robert Lefever, was appointed to fill his unexpired term. John Fox, a member of the commission since its establishment, orally expressed his desire to resign and said, according to Councilman Richard Smith who spoke to Fox by telephone during the council meeting, that he will have his written resignation in to the council secretary in 24 hours. His resignation was accepted with regret and Robert E. Sheads, retired Gettysburg school teacher, was appointed to fill Fox's term. The two men and the one

will be asked to hold a Civil Service examination for policemen as soon as possible. By law a two-week notice of such an examination must be given. The discussion on use of part-time police, which lasted approximately an hour when Councilman Kenneth P. Hull raised the question: "We have bills here to pay \$328.30 for extra police which the council has not authorized. If we can't hire extra police, how can we pay? If we pay it, we condone it."

The discussion ended with a vote on motion of Councilman Richard Smith that "due to the fact that it is illegal, I move that we hire no more extra police, but operate as when Wilbur Plank was in office and no extra police were used." The council voted unanimously in favor of the motion.

U. S. Steel Gives
\$1,000 To Mount

Rt. Rev. Robert R. Kline Ph.D., president of Mt. St. Mary's College, Emmitsburg, today announced that the college has received an unrestricted grant from the United States Steel Foundation, Inc., of \$1,000.

Thomas D. Geoghegan, representing the foundation, made the presentation. He said that the grant was part of U. S. Steel's \$2,550,000 program of aid to education, with grants to 760 liberal arts colleges, universities and institutes and to 22 organizations dedicated to raising the quality of teaching and learning in America.

Acting Prime Minister G. L. Nanda nominated Shastri before the Congress party members in the central hall of Parliament. Desai seconded the nomination, saying the party would "continue to adhere to the ideals" of Nehru. Approval followed in a burst of applause.

SWEAR HIM IN

President Sarvepalli Radhakrishnan will complete the formalities by asking Shastri to form a government and swear him in, probably later this week.

Party President Kumaraswami Kamaraj placed Shastri's name before party members after a poll of Congress leaders favored the former home minister who had been Nehru's closest associate after Nehru suffered a stroke in January.

A moderate Socialist and firm anti-Communist, Shastri was picked largely because of his middle-of-the-road views, which Congress leaders hope will bring together the party's conservative and leftist extremes.

Increased U.S. military activity in Southeast Asia could take a number of courses including jet reconnaissance flights over Communist North Viet Nam or a carrier task force cruising just outside North Vietnamese territorial waters—close enough to be seen from shore.

HINT MILITARY MOVE

There were growing indications that military moves were being charted to show pro-Communist insurgents the United States means business. Limited military pressures have been applied in the past—notably in Thailand in 1962—with temporary success.

He was a college Rotarian and a member of the Seymour Scientific Club. He was also named to the Catawba College Chapter of "Who's Who Among Students in American Colleges and Universities." He is a member of the North Carolina Collegiate Academy of Science. He was named by his fellow classmates as "Senior class favorite." He was a 1960 graduate of Biglerville High School.

TOWN ACCEPTS

"which is 99 per cent completed," rated for insurance. Mayor William G. Weaver, Ridinger, Borough Solicitor Donald G. Oyer and Councilman George Naugle were instructed to have the fire company dining hall rated and insurance taken out—if the fire company does not have its own insurance on the building, the committee will also work out ownership of the building which is on borough-owned land, but was constructed by the firemen.

Approval was given for application for county aid funds for construction of a portion of Fairview Ave. from King St. to Long Lane and for construction of Victor St. from Pine St. to "as far as necessary" to take care of two houses built on Victor St.

The Highways Committee was also authorized to seek bids for "500 tons, more or less, of aggregate for reconstruction of streets and also was authorized to buy immediately enough asphalt to "take the dip out" of the intersection of S. Washington and W. High Sts. now that drains have been installed.

VACANCY ON COMMISSION

Highways Chairman McCoy reported a problem with "the material we are using for spot repairs in the streets. It is not holding." He was directed to first contact the supplier of the material and if no satisfaction is obtained to have the material tested to see if the borough "is getting what it's paying for."

The Planning Commission wrote council that in March it had informed council that the term of S. Blaine Miller had expired and recommended that he be reappointed. Council promised to take the matter up at its next meeting.

Councilman James Strickhouser reported a youngster had run into a wire at Recreation Field hurting his neck. Council agreed it was a Recreation Board problem, but directed that the borough engineer, LeRoy Winebrenner, assist in any way in providing metal strips or similar material to hang from the wires to warn the public of their presence.

Both Mr. and Mrs. Nickey are graduates of Delone Catholic High School and are employed by the Bank of Hanover and Trust Company. She is a bookkeeper and he is a teller. They will reside at 360 Fairview Ave., McSherrystown.

STUDENTS ASK EXCEPTION

Three students of Oklahoma State University engaged during the summer in the sale of Bibles in the Gettysburg area asked council if the town might waive for them its requirement that a \$50 fee be paid by those selling articles in the borough. The matter was turned over to Councilman George Naugle, James Strickhouser and Robert McCoy. A letter from S. G. Kuhn, E. Middle St., asking that he might replace a curb and sidewalk after the reconstruction of E. Middle St. was read. Council agreed that all curbs must be placed before the new street can be put down.

Mayor Weaver reported "some improvement" at the property of John Gastley and said state officials are expected perhaps today to inspect the "cleanup" job. He reported an inquiry, resulting from an accident, of whether parking meter spaces can be within 15 feet of an intersection. The accident, he said, occurred at an alley intersection. Council agreed that alleys are not legally intersections and therefore the parking spaces can be right at the intersection.

The mayor reported agreement that South St. should remain open to traffic both ways, suggested that Breckenridge St. be made a one-way street, "in" from Baltimore St. to S. Washington St.

Weddings

Cool—Wagerman

Miss Shirley Louise Wagerman, daughter of Mr. and Mrs. Emory G. Wagerman, Emmitsburg, became the bride of Francis Allen Cool, son of Mr. and Mrs. Bernard E. Cool, Emmitsburg, Saturday in St. Joseph's Catholic Church, Emmitsburg. Rev. Francis Stauble performed the ceremony.

Given in marriage by her brother, John Wagerman, the bride wore a full-length gown and carried a bouquet of red and white rosebuds.

Mrs. Holly Liller, Taneytown, was maid of honor and wore a yellow street-length gown. Harry Adams, Emmitsburg, was best man.

Following the ceremony a reception was held in St. Euphemia's Hall.

The bride is a graduate of Emmitsburg High School and is employed at Gettysburg Shoe, Inc. The groom attended Emmitsburg High School and is employed by Hanover Shoe, Inc.

Following a wedding trip the couple will reside in Littlestown.

Ashbaugh—Smith

Miss Eva Catherine Smith, daughter of Mrs. Annie C. Smith and the late Paul J. Smith, 430 South St., McSherrystown, became the bride of George Harris Ashbaugh, son of Mrs. Helen Ashbaugh and the late George Ashbaugh, 147 N. Seton Ave., Emmitsburg on Saturday at 11 a.m. in Annunciation of Blessed Virgin Mary Church, McSherrystown. The double-ring ceremony was performed by the Rev. Thomas F. Lawler before an altar decorated with white gladioli and pink and blue carnations.

Given in marriage by her brother, Cyril J. Smith, the bride wore a floor-length gown of imported Chantilly lace styled with a full skirt. The bodice was fashioned with a scalloped neckline and accented with sequins. A crown of crystal and seed pearls held her elbow-length veil of imported illusion and she carried carnations, roses and lilies of the valley. Miss Marie Smith, sister of the bride, 430 South St., McSherrystown, was maid of honor. She wore a floor-length gown of blue nylon over taffeta featuring a scoop neckline and a matching face veil and carried white carnations and pink roses.

Joseph F. Lawrence, 220 N. was best man.

Ushers were Roger Reifsnider, R. 1 Keymar, Md., and Clyde Keilholtz, Taneytown, Md.

Following the ceremony a reception was held at the Knights of Columbus hall, McSherrystown, for approximately 250 guests. Upon their return from a trip to the Pocono Mountains the couple will reside at Littlestown R. 2.

The bride is a graduate of Delone Catholic High School and is employed by the Middleburg Manufacturing Company.

The groom is a graduate of Emmitsburg High School and self-employed as a grocer.

A reception for 250 guests followed the 11 o'clock wedding Saturday morning at Miss Rose Marie Kuhn, daughter of Mr. and Mrs. Albert H. Kuhn, 215 Linden Ave., Hanover, and Ronald D. Nickey, son of Mr. and Mrs. DeLone F. Nickey, 291 Diller Rd., Hanover.

The Rt. Rev. Msgr. Robert J. Maher officiated at the Nuptial Mass in St. Vincent's Catholic Church, Hanover.

Miss Norrine M. Kuhn, was maid of honor for her sister. The bridesmaids were the Misses Joan L. and Mary C. Kuhn, also sisters of the bride.

Thomas Nickey was best man for his brother and ushers were Daniel Miller, McSherrystown, and Richard Rosensteel, Hanover. Miss Norma Swoerger was organist and William R. Buehrle, soloist.

Both Mr. and Mrs. Nickey are graduates of Delone Catholic High School and are employed by the Bank of Hanover and Trust Company. She is a bookkeeper and he is a teller. They will reside at 360 Fairview Ave., McSherrystown.

Hudson—Houser

St. John's Lutheran Church in Summit, N. J., was the scene Sunday afternoon for the wedding of Miss Carolyn Moore Hauser, daughter of Mr. and Mrs. James H. Hauser, Chatham, N.J., and Philip Henry Hudson, son of Mr. and Mrs. Philip S. Hudson, Frederick R. 3. The ceremony took place at 3 o'clock with Rev. Richard L. Peterman officiating.

Following a wedding trip to the Jersey shore, the couple will reside in Pittsburgh.

The bride will graduate Sunday from Gettysburg College, where she is a member of Alpha Xi Delta Sorority.

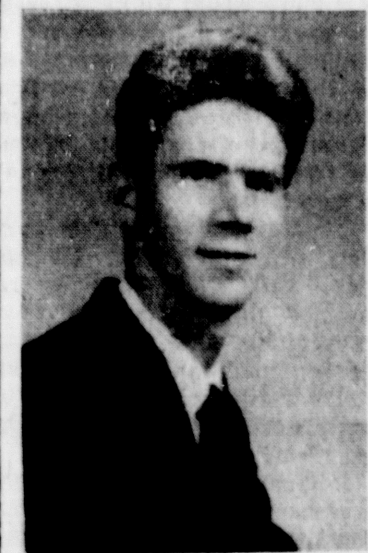

The groom, a member of Phi Delta Theta Fraternity, will attend the University of Pittsburgh School of Business in the future.

COMEDY OPENS

AT ALLENBERRY

David Brubaker, who teaches drama at Dickinson College, Carlisle, in the fall, winter and spring and for the past 16 years has been appearing during the summer on the stage of the Allenberry Theater at Boiling Springs, plays his initial role this year as Murray Burnes, the rebellious nonconformist in "A Thousand Clowns," which opened Monday evening and will play through June 13.

The action is laid in his erratically decorated apartment and he is on stage through the whole show. Costarring with him is Randy Gaynes, a Sixth Grade student of the Professional Children's School, who plays his nephew, Nick Burns. Randy appeared on Broadway as a member of the original cast of "Oliver" and has made 45 appearances on "The Edge of Night" TV serial and appeared four times on the popular "Naked City" show, and has done other acting. Ann Willis as Sandra Markowitz, a "cute" social worker, and Peter Ratray as Albert Amundson, her serious-minded co-worker for the child welfare, provide much merriment in their efforts to take Nicky away from Murray. Don Draper plays Arnold Burns, the conformist brother of Murray, and William McKereghan comes back for his eighth season at Allenberry in a third-act role as Leo Herman in a ridiculous interpretation of his TV role as the voice of Chippy, the Chipmunk. Monday evening's audience was composed of the senior class of the William Penn High School, Harrisburg.

MINOR MISHAP

Damage was estimated at \$50 to the auto of Arthur R. Hellner of Irvin, Pa. at noon Monday when it was struck by a car operated by Walter H. Ickes, 15 Chambersburg St. Police said there was no damage to the Ickes car. According to the officers, the accident occurred on Chambersburg St. Hellner had halted his car on the street preparatory to backing into a parking space. Ickes, seeking to drive around the halted car, collided with it.

full-time workers is increasing. Three newly organized mission congregations will be received as members of the synod and Lutheran Church in America in a brief ceremony Tuesday morning June 9. They are St. Peter, Mechanicsburg R. D., Rev. C. Harry Forse Jr., pastor; Good Shepherd, Altoona, Rev. Maynard S. Barnhart, pastor; and Prince of Peace, Altoona, Rev. Robert F. Matthias, pastor.

Dr. Malvin H. Lundeen, secretary of the Lutheran Church in America and its representative to the convention, will outline the work of the LCA in two half-hour periods.

ELECT BOARD MEMBERS

The convention will elect several members to synod's executive board and to the board of directors of Susquehanna University. It will also act on the 1965 budget. The proposed figure of \$1,661,698 is for synodical causes, and is about \$156,000 less than the comparable figure for 1964. Synod's share of the budget for the work of the Lutheran Church in America will not be definitely known until after the convention of the Lutheran Church in America in Pittsburgh in July.

This year's convention will have five business sessions. Streamlining has been applied to the reports of five of the boards and committees. One hour and 15 minutes has been allotted to hear and discuss the work of Christian education, social ministry, home missions, evangelism and stewardship. A panel discussion, "A Congregation Considers Its Total Mission," is slated for Tuesday evening, June 9. Panel members will be representatives of the above five areas of work.

SPECIAL EVENTS

Special events include the annual laymen's breakfast at 7 a.m. Wednesday, June 10, in the college dining hall, and a dinner for ordinands Tuesday evening. Pastors and delegates will be guests of the college at a reception in the Student Union Building following the Monday evening Communion service.

Convention personalities include the president, Rev. Dr. Dwight F. Putman, who will be chairman of the business sessions and also preach the sermon at the Communion service Monday, June 8, 7:30 p.m. The convention chaplain, Rev. Dr. Richard C. Klick, will lead in Matins at 10 a.m. Tuesday and Wednesday, June 9 and 10. Convention organist and choir

FIFTY YEARS AGO

Grammar School Commencement: Forty-seven graduates of the Gettysburg Grammar School received their diplomas at the fifth annual commencement exercises in the Meade School building Thursday afternoon. The entertainment portion of the program included as a special feature "The Story of Hiawatha" in verse and tableaux. Harry Walter took the part of Hiawatha. Wilda Holtzworth was Minnehaha, Lydia Kirasyn was Nokomis and Charles Hummelbaugh took the role of the arrow-maker. Irvin L. Taylor, representing the Gettysburg School Board, presented the prizes. Gladys Burgoon received a book for having the highest general scholarship; Luella Paxton for the best mark in deportment; Ruth Spangler for the highest average in spelling in the Eighth Grade and Maybelle Lott for the best spelling average in the Seventh Grade.

Contract Awarded: At a bid of \$4,382 John Irvin was on Wednesday given the contract for the enlargement of the High School building which will include the construction of a second floor auditorium over the rear portion of the structure and the division of the present auditorium into class rooms, principal's office, library and supply rooms.

Memorial Day Celebrated: Under a warm May sky Gettysburg people held their annual Memorial Day observance while thousands from Pennsylvania, Maryland and West Virginia, joined with them in honoring the heroic dead. The threatening weather kept the crowd below the attendance of other years but Gettysburg was filled with people brought by eleven excursions, the first of which arrived early in the morning. At the rostrum Dr. A. E. Wagner delivered the invocation and John D. Keith, Esq., read Lincoln's Gettysburg Address. United States Senator Moses E. Clapp of Minnesota was the orator of the day and he made a vigorous plea for industrial justice.

Taken By Death: Dr. H. W. McKnight, for twenty years president of Gettysburg College, died at his home on Carlisle street from cancer of the mouth and throat. He was born in McKnightstown in 1843 and received his early education in the common schools and after spending several years clerking in a country store, entered the Preparatory at Gettysburg in 1860. His college course was interrupted by several terms of army service. He graduated from Gettysburg College in 1865 and took the course at the Seminary. He served pastorates at Newville, Easton and Hagerstown and resigned from the latter charge to become president of Gettysburg College, of which he had been a trustee since 1878. For twenty years Dr. McKnight was president of the local college and it was during his presidency that Gladfelter Hall, Brua Chapel and South College were erected. He resigned in 1904. He was prominently identified with the town's progress for years and at the time of his death owned one of the most prominent business blocks in Gettysburg, at the corner of Baltimore street and Center Square.

Today's Talk

APPRECIATION

The longer we live I believe that we appreciate on an increasing scale. Little things done for us grow in importance. Friends unfold more to us. Nature unfolds itself in all its fascinating wonder. We grasp the substance of things to a greater degree, and God's reality hovers like a halo about each of our days.

For us to appreciate is an enriching thing, but so much more is given to us through the appreciation of others. It is so easy for those whom we have served or encouraged to forget and to neglect this appreciation, but if they only knew or realized how it might enrich them anew, I am sure there would be less of this lack of expressing one's appreciation.

Most of us work to gain some sort of appreciation. No one ever gets so famous or renowned that he doesn't crave recognition. All honor, all achievement and all arduous toil toward excellence would be quite futile were it not for the appreciation gained.

I have noted that the bigger a person is the more that person seems to crave and hunger for the appreciation that you would think he least needed. And encouragement is ozone to the soul. We couldn't live and work our happiest and best without it.

William Muldoon, that famous athlete of many years ago, once stated that it was wonderful what a response this body of ours gave, after just a little kindness to it. It is the same with appreciation. What a lift it gives us, and to all those to whom we give it. And it is so easy a thing to give. It can be clothed in so many different ways — a kind and generous word, a letter that isn't expected, some flowers sent on your journey of cheer, or some unusual act that is certain to brighten up the life of one toward whom it is directed.

Appreciation is the essence of The Golden Rule. If we would get anything in this world that is worthy of gaining, we must in turn give, and give to the utmost. It's the appreciation that follows that keeps us going. Let us give it lavishly!

AN OLD POOL

At seventy-five, his wife long dead,

He met a woman young and fair

And he believed her when she said:

"I like a man with silver hair."

Her voice was soft, her laughter gay,

She had a certain touch of grace

And he was pleased to hear her say:

"I like a man with wrinkled face."

For her purse was opened wide,

He bought her gifts of every kind,

And he believed her when she cried:

"I like a man who's almost blind."

He had to walk with careful tread,

But followed as she lured him on

And he believed her when she said:

"I like a man whose strength is gone."

One glance within his looking-glass

You'd think had brought him reason cool,

But he believed the flattering lies

Until she called him: "Poor old fool!"

72 Graduated By LHS On Monday Night; Honors Are Announced; Hear Dean Hoch

Seventy-two young people received diplomas of graduation from Littlestown High School, at the annual commencement held on Monday evening in the high school auditorium. Approximately 900 persons were in attendance.

Lowry Mann Close was valedictorian and received the American Legion Citizenship award as the outstanding boy of the class. As first place honor student, he presented salutations to the audience and class. The citizenship award, a pin, medal and certificate, is given for leadership, scholarship, courage and Americanism. Lowry is the son of Mr. and Mrs. Philip H. Close, Taneytown R. 2. He plans to enter the University of Virginia, Charlottesville, Va., in September.

The class salutatorian was Raymond David Mikesell, son of Mr. and Mrs. Raymond Mikesell, Littlestown R. 1. An industrial arts major, his future includes study at Virginia Polytechnic Institute, Blacksburg, Va.

HEAR BLOOMSBURG DEAN
The American Legion Citizenship award to the outstanding girl of the class went to Linda Ruth Knipple, daughter of Mr. and Mrs. G. Richard Knipple, Lumbertown R. 1. Linda plans to become a teacher and has enrolled at Shipensburg State College for the fall term.

The commencement address was delivered by John A. Hoch, dean of instruction at Bloomsburg State College. His subject was "Accentuate the Positive." He prefaced his message with the popular music marking an era, especially how the words of the past "hit." "Accentuate the Positive, Eliminate the Negative," should be applied today. "In whatever you may undertake, success or failure, always think positively," was the thought which he stressed to the graduates.

George B. Inskip, assistant superintendent of schools in Adams County, spoke briefly and congratulated the class.

ANNOUNCES HONORS

The program opened with the professional by Seniors, Board of Education and program participants by "Pomp and Circumstances." Elgar. Accompaniment was by an instrumental ensemble, directed by Paul A. Harner. The meditation was a poem, silent prayer and salute to the flag. A solo, "Graduation Day," was sung by Betty L. Sell, accompanied by Jo Ann Cookson.

Following the address by Dean Hoch, the graduates sang their class song, with words by Ronald W. Ruggles and Betty Lou Sell, and Jo Ann Cookson was pianist. The class gift, a check for the purchase of shrubbery for the new school, was presented by Margaret J. Gentzler, secretary. The gift was accepted by Paul E. King, supervising principal of the Littlestown Jointure.

The announcement of honors and awards was made by Mr. King, as follows: Honor students, Lowry Mann Close, Raymond David Mikesell, Richard Aleck Anderson, Deanna Lee DeGroot, Linda Ruth Knipple, Sharon Maureen Long, Terrence Monroe Morelock, Randi Myrvang, Gail Louise Reindollar, Nancy Eloise Rucker, John Barry Stambaugh, Anna Catherine Study, Beverly Jean Updyke and Kenneth Alan Yealy.

TRAFFIC TOLL OVER MEMORIAL DAY NOW 429

By THE ASSOCIATED PRESS
The nation's traffic deaths during the Memorial Day weekend—more than 400—hit a record high for a three-day observance of the holiday.

The death toll on the highways from 6 p.m. local time Thursday to midnight Sunday was 429. Belated reports were expected to boost the final figure.

The record toll for the first holiday weekend of the spring topped the previous high mark of 371 set over the Memorial Day period in 1958. The National Safety Council had made a preholiday estimate that between 410 and 490 persons might be killed in traffic accidents during the 78-hour period.

HEAVIEST SUNDAY

The heaviest toll was Sunday as millions of motorists jammed highways headed for home after outings. Reports indicate nearly 150 persons were killed in traffic accidents in the final 24 hours of the holiday period. Traffic fatalities during the holiday period compared to 418 traffic deaths during a nonholiday weekend of 78 hours, from 6 p.m. Thursday, May 14 to midnight Sunday, May 17. The Associated Press survey for the nonholiday period also showed 23 deaths in boating accidents and 73 persons drowned, a total of 514. Boating deaths during the holiday period totaled 16 while 46 persons drowned.

The record high traffic death toll for any Memorial Day holiday period was 462 in a four-day observance in 1961. Last Memorial Day was a one-day observance and there were 159 deaths on the highways.

Dogs Help Boy To Flees Germany

HOF, Germany (AP)—A dog helped a young East German escape to West Germany, border police reported today. A 17-year-old mechanic and his dog crossed the Iron Curtain border north of this Bavarian town Monday.

The youth was about to crawl through the barbed wire entanglements when East German guards spotted him. He commanded the dog to attack the guards. The dog jumped the two guards, injuring one, police said.

The youth got through to West Germany, then whistled. The dog let the guards go and came across the border to its master.

DRAIN CONCERNED

MIAMI, Fla. (AP) — Condemned Cuban prisoners are forced to contribute to a blood bank before they are shot, exiles claimed today.

Anti-Castro leaders protested to international organizations that Ruben Acosta and Justo Garcia, both 16, were forced to donate blood, then executed.

A young man with 25 bicycles and a lot of optimism has set up shop for the convenience of tourists who prefer to see the battlefield on a bicycle.

Barry Harner, 17-year-old Littlestown High School Junior, opened his bicycle rental shop at Steinwehr Ave. and King St. on a full-time basis the day after he got out of school for the season. He was open for the past three weekends.

Barry was a helper last year at a bicycle shop in the former Dave Oyer Garage on Steinwehr Ave. and when the men who operated it abandoned the idea Barry purchased two tandem bikes and 24 regulars to start his own business. He is open from 9 o'clock in the morning until dusk every day.

His father, Warren Harner, Littlestown, is financing Barry in the business.

VINDICATION OF PESTICIDES IS FREEMAN'S AIM

WASHINGTON (AP) — Secretary of Agriculture Orville L. Freeman intends to try to prove through field tests and studies that properly applied chemical pesticides are not a hazard to humans and wildlife.

He and other interested government agencies are placing five teams of scientists in the Mississippi River area to collect information in an effort to disprove allegations blaming chemical pesticides for fish kills and other losses to wildlife.

The department, in the face of strong criticism of widespread use of pesticides and the like, has taken the position that agricultural chemicals are absolutely essential to bountiful production of food and fiber.

Freeman's decision to make the field tests was announced in a statement Monday. It said evidence submitted at public hearings here, at Memphis, Tenn., and Baton Rouge, La., and a four-state conference at New Orleans failed to show that pesticides were responsible for recent fish kills in the lower Mississippi River.

Freeman said surveys showed that a major source of pesticide residues involved in the fish losses was an industrial plant manufacturing these chemicals, rather than in water that ran off farmland that drained into the Mississippi.

The field studies will be conducted with the cooperation of the department of welfare, the interior department and other government agencies through the federal pest control review board.

Arizona Justice Plans To Strike

PRESCOTT, Ariz. (AP) — Justice of the Peace John C. Jackson says he is going to go on strike.

Jackson, who presides over the Ash Fork precinct, said in a letter to the Arizona Highway Patrol he would not collect traffic fines until he receives a salary increase to \$500 from his present \$200 a month.

Yavapai County supervisors, who set the salary for the post, said Monday they would take legal action if Jackson failed to carry out his job. They said he was appointed to the post last year and if he isn't happy with the pay, he should resign.

SPACE FLIGHTS ON SCHEDULE

HOUSTON, Tex. (AP)—Gemini space flights remained on schedule today, a manned Spacecraft Center official said, with the second unmanned launch probably in September and the manned shot before the new year.

A timetable for the hardware was released Monday. The Gemini spacecraft is still being tested in St. Louis, Mo., but will move to Cape Kennedy for mating with the launch vehicle in late July.

The schedule said launching would be eight weeks after delivery to Cape Kennedy.

The Gemini manned flights will place two men in earth orbit to develop techniques and space equipment for the Apollo moon shot, scheduled sometime this decade.

STRUGGLE FOR CONTROL SEEN BY DEMOCRATS

By THE ASSOCIATED PRESS HARRISBURG (AP)—Former House Majority Leader Stephen McCann of Greene County Monday pronounced himself "available as a harmony candidate" for chairman of the Democratic State Committee.

McCann's comment was solicited as rumblings grew stronger of a behind-the-scenes struggle for control of the party's state organization.

A major factor is the still undecided race for the Democratic nomination for the U. S. Senate. Genevieve Blatt, secretary of internal affairs, leads Justice Michael A. Musmanno of the Supreme Court by 640 votes. More than 700 absentee votes are being contested.

LOST IN '62
McCann the losing candidate for lieutenant governor in 1962, emphasized that he was not campaigning or seeking the job of party chairman.

"Mine has been only one of a number of names mentioned," he said.

The rumblings of the power struggle took on added resonance with these developments: —The state committee reorganization meeting, set for Wednesday, was postponed until June 15 in hopes that the senatorial picture will have been brought into clearer focus by then.

DELAY URGED
—A letter from the camp of Miss Blatt urging the 116-member committee to remain uncommitted on the chairmanship until the primary winner is determined.

State Chairman Otis B. Morse, who already has announced his intention to seek re-election to the \$15,000-a-year job, declined to elaborate on the reorganization postponement.

His only comment was that the postponement was prompted by a need for "clarification of the Senate situation."

SANTA CLAUS FAVORED AT EPSOM DOWNS

By GEOFFREY MILLER

LONDON (AP)—Santa Claus has come to England—with his helpers.

But these helpers aren't jolly little elves. They're large, grim, suspicious men.

Santa Claus, in this case, is a horse, favored to win Wednesday's running of the rich Epsom Derby. His helpers are his handlers, chief of whom is trainer Mick Rogers.

Santa Claus, made the 5-2 favorite by Britain's legal bookies, arrived by air from his Irish training quarters Monday, and immediately was spirited away to a secret hideout several miles from Epsom.

Rogers said he was mounting a day-and-night watch over the horse to guard against the possibility that he may be doped. There have been several recent scandals involving the doping of horses at English tracks.

Five American-owned horses are among the 17 named at the three-day forfeit stage, the smallest field in four years for the race that awards \$201,801 to the winner.

ED ROEBUCK HAS KEY ROLE FOR PHILLIES

PHILADELPHIA (AP) — The Philadelphia Phillies, enjoying a day off Monday, looked down from their perch atop the National League — a half-game ahead of the San Francisco Giants — and discussed one of the reasons for their success so far: Ed Roebuck.

The 33-year-old right-hander was around quite a bit before the Phillies picked him up. He played for the Los Angeles Dodgers and was then sent to the Washington Senators — where he was forced to take a 25 per cent salary cut.

Since the Phillies acquired him, he's made 12 appearances, pitched 13 innings — and hasn't yielded a run.

For the statistically minded — that's an earned run average of exactly 0.00.

VET OF 9 YEARS
Roebuck says one of the reasons for his first-rate pitching for the first-place ballclub has been Phillies Manager Gene Mauch.

"Coming from a guy like Selkirk (Washington Senator General Manager George Selkirk) to somebody who has confidence in you (Mauch). Well, you know what happens? You go haywire."

The master of the low-breaking stuff explained that when he comes in to stop the late-inning rallies, what he wants to do is "get two outs with one pitch."

"If they get five straight hits against me through the infield, I can't complain. The next time I may get the double play," says the veteran of nine years in the majors.

USE KNUCKLEBALL
In the Phillies' 4-1 victory over the Houston Colts Sunday, reliever Roebuck pitched to nine batters in 2-3 innings. Eight of them hit ground balls.

Roebuck says he's still changing his assortment of pitches. His latest is a knuckleball.

"I use it quite a bit — when I can," he says. "Of course, most of the time I'm in such a jam that I can't afford to use it. I only throw it when I start an inning — never when I come in with men on base."

Roebuck will be back in the bullpen at Connie Mack Stadium here tonight, just in case Dennis Bennett (6-3) needs any help. Bennett faces Phil Ortega (3-2) for the Dodgers, who are in for a three-game series.

COURT TEAMS DRAFT IN EAST

ALLENTOWN, Pa. (AP) — Eastern professional basketball teams made their college draft selections at an annual meeting Monday night. Each team had 10 selections in the draft.

The first draft selection for each team were:

Wilmington — John Thompson, 6-foot-10, Providence.

Sunbury — Harold Hairston, 6-7, New York University.

Wilkes-Barre — Steve Courtin, 6-3, St. Joseph's of Philadelphia.

Trenton — Nick Werman, 6-3, Seton Hall.

Scranton — George Wilson, 6-8, Cincinnati.

Camden — Joe Strawder, 6-9, Bradley.

Allentown — Traded first choice selected Willie Reed, 6-10, Grambling, on second round.

The league also adopted a three-point field goal for floor shots made 25 feet from the basket.

Team owners voted to continue post season playoffs on a best-of-three basis.

NICKLAUS MAY BE FAVORITE IN 46TH PGA

By HAL PARIS
Associated Press Writer
COLUMBUS, Ohio (AP) — Jack Nicklaus, professional golfer's leading money winner, has all but cemented the favorite's role for the PGA's 46th championship tournament here next month.

The 24-year-old hometown idol tested the Columbus Country Club course with impressive results Monday, beating Julius Boros by four strokes in a "Round of Champions" match.

Defending PGA king Nicklaus toured the 6,851-yard par 34-36 — 70 layout in fine fashion with a 34-33-67. Boros, the National Open champion, was one over with a 36-35-71.

Nicklaus says it probably will take a 275 total to win the July 13-19 event.

272 ENOUGH
But Boros, despite losing by four strokes, said he thought a 272 or 273 could take the tourney, if the weather is good.

"This course is in fine shape," Boros told newsmen after the match. "I wasn't too happy with my putting. I haven't been putting well this year."

The pro stars were dueling to set the target score for the 13th annual National Golf Day, held last Saturday.

Amateur golfers, who paid \$1 each to play on National Golf Day, needed a four-under-par score, with handicap, on their favorite courses to earn certificates from the PGA indicating they "beat the champ."

3,500 LOOK ON
The money they dished out, along with Monday's receipts from the Nicklaus-Boros match, goes to the PGA for distribution to various projects and charities.

A gallery estimated at 3,500 paid \$5 a head to watch the action and saw Nicklaus take the lead for good on the second hole.

PGA officials watched the match to see if any course changes will be needed before the 170 qualifiers come here in July to compete for the championship.

HOMERS WIN FOR INDIANS, BOSOX; NL IDLE

By MIKE RATHET

Associated Press Sports Writer

"Don't Fence Me In" never was Leon Wagner's theme song.

When the slugging outfielder was traded by the Los Angeles Angels to the Cleveland Indians he said bluntly:

"Instead of trading me they should have pulled the fences in and doubled my salary."

The Angels, however, were unable to accommodate Wagner. The Indians may have to — in the salary department at least.

OVER .300 MARK

Wagner proved his point again Monday night, leading Cleveland to a 3-0 victory over the American League — leading Chicago White Sox, collecting homer No. 11 and a single and scoring two runs in support of Jack Kralick's four-hit pitching.

Wagner hit only two homers at home last year in the wide-open spaces of Los Angeles' Dodger Stadium while hammering 24 on the road. But the Angels decided to leave the fences where they were and traded Wagner for pitcher Barry Latman and first baseman Joe Adcock.

Now Wagner's making a solid case for a pay raise.

His latest hot streak — 11 hits in 18 at-bats, including homers in the last three games — has boosted his batting average to .309 and his runs-batted-in total to a league-leading 40. At this stage of the season, he's almost half way to his 1963 figures of 26 homers and 90 RBI.

HOMER BEATS ANGELS

Boston's Dick Stuart, meanwhile, continued his homer hammering, hitting his seventh in the last nine games, a two-run shot in the eighth inning that gave the Red Sox a 4-3 victory over the Angels.

In the other AL games scheduled, Wally Bunker posted his sixth victory without a loss as Baltimore whipped Kansas City 8-4 and Dick Stigman pitched Minnesota to a 2-1 victory by checking the New York Yankees on five hits.

The only National League game scheduled — Los Angeles at Pittsburgh — was rained out.

KRALICK IN TROUBLE

Wagner provided Kralick with the only run he needed by hitting his homer off Juan Pizarro in the fourth. The Indians scored their other runs in the sixth on Larry Brown's two-run single.

Kralick, bringing his record to 5-1, was in serious trouble only in the seventh when the White Sox loaded the bases with two out. But he got Gerry McNertney, batting for Pizarro, to line out and end the threat.

Pizarro now is 5-2.

Angels starter Barry Latman, who hadn't given up an earned run, led 3-2 going into the eighth and retired the first two Red Sox batters. Then Felix Mantilla beat out an infield single and Stuart followed with the game-winning homer.

BUNKER CHASED IN 4TH
The Red Sox, however, lost outfielder Carl Yastrzemski, the AL's leading hitter last year, for a day or two at least when he spiked himself in the left ankle in the first inning. The cut required stitches.

Dick Hall's one-hit relief over the final 3-2 innings preserved Bunker's perfect record. Bunker was tagged for a two-run homer by Wayne Causey in the third and chased in the sixth when Ed Charles, hitless in 19 previous trips, slapped a two-run single that cut the Orioles' lead to 6-4.

The Orioles put the game out of reach with a five-run third inning, Norm Siebern and Dick Brown each stroking two-run singles in the rally. Luis Aparicio homered for Baltimore in the eighth.

HOWER FOR HOWARD
The Twins managed only six hits off Yankee starter Ralph Terry, but Don Mincher provided a run with a homer in the second inning and a single by Bernie Allen, a wild pitch, a force out and Zoilo Versalles' single produced the other run in the fifth.

That was enough for Stigman, who did not let a Yankee past second base until Elston Howard broke up his shutout bid with a homer in the eighth. Stigman has a 2-3 record.

Monday's Stars
By THE ASSOCIATED PRESS
PITCHING — Jack Kralick, Indians, brought his record to 5-1 by stopping the American League-leading Chicago White Sox on four hits, 3-0.

BATTING — Leon Wagner, Indians, hit his 11th homer and a single, scoring two runs in Cleveland's victory.

Roger Crozier, goalie for the Pittsburgh Hornets, was chosen the American Hockey League's top rookie last season. Crozier also played for the Detroit Red Wings last season.

Athletic Dept. Gives Baseballs To GHS Lettermen

Lettermen on the Gettysburg High School baseball squad will be rewarded this week for having won the Adams County League championship this season while enjoying one of their finest seasons.

The Athletic Department of the high school decided recently to present individual gold baseballs to the lettermen and to Coach Don Young. The group was called together last week and informed of the plan by Charles Tressler, senior high school principal, and George Forney, athletic director, who also congratulated the squad.

Each ball includes the engraved initials of the recipient as well as "1964-G" and a raised "Champions."

In addition to Coach Young the following will be given the balls: Seniors, Kenneth Ketterman, Mike Flynn, Charles Greiner, Bruce Hartman, Dane Kennell, Juniors, Richard Fissel, Gary Herring, Ronald Plank, Anthony Bushey, William Starnier, Sophomore, Mike Herring.

7TH BOYER IS LOOKING FOR MAJOR BERTH

By JIM VAN VALKENBURG

Associated Press Sports Writer
KANSAS CITY (AP) — Len Boyer, the seventh and last of baseball's Boyer brothers, says "I think I can make the majors in two or three years, then go to college in the winter."

The blond 18-year-old infielder graduated from Alba, Mo., High School May 12. Since then, he has worked out with the Cardinals in St. Louis and with the A's, New York Yankees and Baltimore Orioles in Kansas City, hoping to get a pro contract.

Sixteen major league scouts watched him in a recent high school game. Ken Boyer of St. Louis is regarded as one of the game's top third basemen. He's a .300 hitter with power, an outstanding fielder with a great arm.

YANKS OR CARDS
Clete Boyer is considered Ken's fielding equal at the same position with the Yankees, is a .250 hitter but his long ball and is dangerous in the clutch.

Most baseball people think Len will sign with either the Yanks or Cardinals but Len himself isn't talking.

"Clete wants me to go to college first," Len said, "but I want to play pro ball first."

Len worked out at third base with the Orioles Monday night, at shortstop with the Yankees Friday and Saturday.

"I feel better at shortstop," Len said.

FROM OZARK COUNTRY
Len is 6-foot-2, 175 pounds and moves like the Boyer brothers. He also played basketball, the only other sport available at Alba, enrollment 76 students. He was the team's top scorer and rebounder.

Alba is in southwest Missouri near Joplin, in the Ozark country.

The consensus of the scouts attempting to sign the youngest Boyer is that he'll make the majors if he can hit.

He has the arm, the speed and fielding range needed for the big leagues. His high school batting average this spring was .320.

OTHERS AT 18
The first four Boyer boys signed with the Cardinals. Cloyd was the first to reach the majors in 1949 as a pitcher. He's now the minor league pitching tutor for the Yankees. Wayne was next, then Ken and Lynn — now a high school coach at Walker, Mo.

The Yankees got No. 5, Clete, in a trade after he signed with the A's, then signed Ron, now a third baseman for the New York farm

RUSSIA, U. S. TO EXCHANGE CONSULATES

By HENRY S. BRADSHAW
MOSCOW (AP) — The United States and the Soviet Union signed Monday a convention to set up consulates in each other's countries. It would give Americans detained in the Soviet Union the right to see U.S. officials.

President Johnson announced completion of the negotiations with the Soviets last Wednesday. He called the treaty "a significant step in our continuing efforts to increase contacts and understanding" between the Soviet and American people. The treaty offers Americans in the Soviet Union "a greater degree of consular protection than ever before," Johnson said.

When this first bilateral treaty between the two governments has been ratified by the U.S. Senate and the Soviet Parliament, it will bind the Soviet Union to a fundamental change of policy with American prisoners.

If the convention had existed in 1960 when U2 pilot Francis Gary Powers was shot down over the Soviet Union, U.S. consular officials would have had the legal right to talk with him. But Soviet practice has been to deny access to prisoners under investigation and, in many cases, under trial and imprisonment. Powers was inaccessible to U.S. officials.

The right of access clause was one of the most difficult to negotiate in talks that began here last September, U.S. Embassy officials said.

Other points concerned transfer of property left by death, and legal immunities of consular officials. At Soviet request, the United States agreed to broader privileges on both sides than are usually granted consuls.

SELBY, England (AP)—Telephoning teen-agers will be limited to six minutes when they use Selby's public telephone booths. "Some of these calls have lasted more than half an hour," said Douglas Owen, traffic superintendent at the Yorkshire headquarters. "In the future when an operator thinks a call box is being monopolized he will interrupt after six minutes and terminate the conversation."

Angler Drowns In Susquehanna

HAVRE DE GRACE, Md. (AP) — Teaford Benjamin Shifflet, 29, of Palmyra, Pa., drowned Saturday in the Susquehanna River at Lapidum, between Darlington and Havre de Grace. State police said Shifflet was fishing and had started to wade out in the river after his line got caught in rocks and he apparently slipped in a deep hole. Shifflet could not swim.

STUDY TO BACK FBI FINDINGS

WASHINGTON (AP) — The Warren Commission's report on President John F. Kennedy's assassination is expected to substantiate the original FBI finding that Lee Harvey Oswald, acting alone, murdered Kennedy. The commission has completed its basic work and set the end of the month as the target date for a report expected to detail the evidence that Oswald was the assassin and acted alone.

The commission plans to call several more witnesses including Kennedy's widow, who will testify at a secret time and place. She was riding in the car with her husband when he was shot in Dallas last Nov. 22.

Commission staff groups are drafting separately the segments of what may be a 500-page report. With its supporting documents and testimony, the report is expected to rival in extent and size the massive report of the Pearl Harbor commission after World War II.

Four Children And Vacation Host Die

HOPATCONG, N.J. (AP) — Mr. and Mrs. Robert Hennings are in a hospital room today, the victims of a fire that killed four of their five children and their vacation host.

The fire struck Sunday in a house in which Mrs. Hennings, her five children, and the owner, Theresa Coston, 53, were sleeping.

Mrs. Hennings, 37, managed to flee with her 2-year-old son, William. The other children, ranging in age from 3 to 13, and Mrs. Coston burned to death in their beds.

Hennings, 40, who was sleeping alone in a nearby cottage, tried with his wife to enter the burning home but they were driven back by the flames.

HIGHEST COURT STRIKES DOWN LOYALTY OATH

WASHINGTON (AP) — The Supreme Court struck down Monday two Washington state laws requiring that all state employees take loyalty oaths.

Justice Byron R. White, delivering the court's decision, said the laws were "unconstitutionally vague."

Justice Tom C. Clark wrote a dissenting opinion, in which Justice John M. Harlan joined. The court's vote thus was 7-2.

About 64 persons employed by the University of Washington in teaching and nonteaching jobs had challenged validity of the state laws.

They appealed from a decision by a special three-judge U.S. District Court in Seattle, Wash., that upheld the state requirement.

One law, enacted in 1955, requires state employees to swear they are not subversive persons, as defined in the law. The other law, enacted in 1931, requires that another oath be taken by teachers.

White's majority opinion said the university employees contended before the Supreme Court that the oath requirements, and the statutory provisions on which they were based, were invalid on their face, because their language was unduly vague, uncertain and broad.

White stated: "We agree with this contention and therefore, without reaching the numerous other contentions pressed upon us, confine our consideration to that particular question."

A Lovelier You

By MARY SUE MILLER
CONDITIONING SHAMPOO. A lovely asks: What is the value of an egg shampoo? Is it

true that a good one can be whipped up in the kitchen?

The Answer: Eggs are loaded with protein and vitamin A. And those components are presently believed to make an effective hair treatment. Coating the hair with protein is thought to soften the shafts and thus help to prevent breakage. Like the facial complexion, the scalp seems to respond to external applications of vitamin A.

In any event, egg shampoos cleanse effectively and provide a lovely sheen. Several cosmetic houses make very good egg shampoos.

poos. To concoct your own, use this recipe and application method:

Beat the yolks and whites of two eggs separately; whip the whites to a froth and fold them into the yolks. Wet the head with tepid water—hot water cooks the eggs into your hair and that creates an impossible disposal problem.

Now blot the hair with a terry towel, then massage half the mixture into the scalp and hair. Rinse with cool water and apply the rest of the mixture. Rinse again and again. Dry the hair as usual.

You might add this thought to your routine: Eggs lend their full nourishment to your tresses if you eat one or two each day!

RIVALS ISSUE FINAL APPEALS FOR PRIMARIES

SAN FRANCISCO (AP)—Sen. Barry Goldwater and Gov. Nelson A. Rockefeller directed final appeals to the voters Monday in an explosive windup to California's presidential primary.

Bitter charges of "smear" and "irresponsibility" between the rival camps sharpened the vital race for the state's 86 Republican national convention delegates in Tuesday's balloting.

Both sides, in traditional fashion, expressed confidence in the outcome of a battle which Rockefeller says will shape the future course of the Republican party.

The polls have lifted Rockefeller to frontrunner from the underdog rating he had before his surprise victory in Oregon. But the pulse-takers cushioned their figures with enough undecided voters to swing the election either way.

That was true, too, in the torrid clash between Pierre Salinger, former White House press secretary, and State Controller Alan Cranston in a wholesale Democratic contest for the U.S. Senate nomination.

The primary, which started out as a ho-hum affair, is expected to bring out 65 per cent of the 7,122,724 registered voters. The total includes 4,022,302 Democrats, 2,895,448 Republicans.

Earl Eisenhower Is At-Large Candidate

SPRINGFIELD, Ill. (AP) — Earl Eisenhower, brother of former President Dwight D. Eisenhower, has been selected by a Republican committee as one of 11 persons comprising the slate for an at-large Illinois House election.

Earl Eisenhower, of La Grange Park, is a public relations director of a weekly newspaper firm.

The at-large election became necessary when a special session of the Illinois legislature failed to redistrict the state's House districts.

Senator's Wife Has Miscarriage

WASHINGTON (AP) — Mrs. Edward M. Kennedy, wife of the Massachusetts senator, lost an expected baby through a miscarriage Monday.

Dr. William J. Cusack, Mrs. Kennedy's personal physician, said Mrs. Kennedy was resting comfortably at Georgetown University Hospital here. She was in the early stages of pregnancy, the doctor said.

Mrs. Kennedy, 27, entered the hospital Sunday in an attempt to avoid a miscarriage.

Cusack is professor of clinical obstetrics and gynecology at Georgetown University Medical School.

Mrs. Kennedy lost another expected baby by miscarriage in May, 1963.

She and Sen. Kennedy have two children, Kara, 4, and Edward M. Jr., 3.

SUSQUEHANNA GRADUATION IS HELD SUNDAY

SELINGSGROVE, Pa. (AP) — A Pottstown educator told a graduating class at Susquehanna University Sunday that they have a duty to perform for their descendants.

Edward T. Hall, headmaster of the Hill School in Pottstown, told the 190 graduating seniors that their education and freedom should be accompanied by a sense of duty to respect the rights of others and improve the world for their children.

Academic freedom should not be taught of as an end in itself, he said, but rather as a means of working toward a better world.

Honorary degrees were conferred upon Hall, John A. Apple, president of the Butter Krust Baking Co., Sunbury, the Rev. Robert F. Fisher, pastor of the Temple Lutheran Church of Brookline, Havertown; and Dr. Roy F. Nichols, vice provost and dean of the Graduate School of Arts and Sciences at the University of Pennsylvania.

Don Demeter, Dave Wickersham and Bubba Phillips of the Detroit Tigers are members of the Fellowship of Christian Athletes.

"What you don't know about car insurance can cost you money," says Nationwide

Nationwide Insurance reveals some little known facts to help you get better protection for less money — if you're a careful driver.

AMERICANS spend \$6 billion a year on car insurance. Yet most people hardly know a thing about what they're buying.

Nationwide agents make a point of giving their customers all the facts, and we believe in doing the same thing in our advertising. Here are answers to some of the most often-asked questions about car insurance.

1. Will I get the same rates from all companies? No. You may be surprised to learn that there is a considerable difference between companies. Some companies such as the Nationwide companies are much fussier than others about whom they insure. They accept only people with good driving records. As a result, they can charge less because they have fewer accident claims to pay.

If you're looking for car insurance, be sure to talk to a Nationwide man. There's a good chance he can offer a better deal on car insurance than his competition.

2. Are there different ways of figuring my rates? Yes. Few people realize there are two kinds of rating plans. They are "non-variable" and "variable."

"Non-variable" is the most popular kind. Your policy is based on flat rates which do not depend on your driving record.

"Variable" is the "merit-demerit" plan. The more accidents you have, the higher your rates. The fewer accidents, the lower your rates. Here in Pennsylvania, the Nationwide companies sell both kinds.

3. Why do men under 25 pay such high rates? Drivers in this age group have a much higher percentage of accidents than drivers in any other age group. And these young drivers have worse accidents, too.

Note: Nationwide knows that not all males under 25 are careless drivers. We were the first insurance company to offer lower rates to young men who complete a qualified driver training course.

4. What factors besides age affect rates? Several. The year of your car. Your occupation. The size of your town. How much you use your car. These things all count.

Keep your agent up-to-date on all points. For example, be sure to tell him if you move. Many people don't, and are paying a lot more than they should for car insurance.

5. Can a careful driver save money? Yes. A person with a good driving record can almost always qualify for insurance with a company like Nationwide. Nationwide can save a careful driver as much as \$40 a year, or more.

6. How do companies decide who's a careful driver? As yet no company has come up with a foolproof way of deciding. However, we are finding that careful drivers have certain things in common. For instance, they drive less than 20 miles to and from work. They've been in the same line of work for the past five years. And they're married.

Some of these things may not seem to have much to do with how well you drive, but we find they go together with an accident-free driving record.

7. Do women drivers pay less than men? Women over 25 pay the same as men. Women under 25 pay anywhere from 10 to 63 percent less than men in this age group. The reason? Young women have fewer accidents than young men. Our records prove it!

8. Why have my rates gone up even though I've never had an accident? Because insurance companies are paying out more money in claims than ever before. How come? There are more cars on the road than ever before (about 22 cars for every mile of road). There are more accidents per 100 cars. Cars cost more to repair. Juries are awarding bigger settlements.

As long as insurance companies have to pay out more, they have to take in more. Result: you pay higher rates.

9. What if I'm hit by a driver with no insurance? You can now buy insurance that will protect you if this happens. It's called Uninsured Motorists Coverage. You can add this protection to a Nationwide policy for just a few dollars.

10. Do some insurance companies offer faster claim service than others? Yes. But most companies today offer excellent claim service. They have to or they wouldn't stay in business. Nationwide is the second largest mutual car insurer in the world. We think one reason we've gotten so big is that we pay over half of all our claims within 24 hours after proof of loss. Nearly two-thirds of all claims within 72 hours.

Amazing record for fast claim settlement
We believe our Nationwide drive-in claims station in Columbus holds the world record for fast payment.
A man driving in for a damage estimate misjudged the distance between his car and our doorway. The result: a fresh crease in his fender.
Time between accident and payment—four minutes.

11. Do all insurance companies have drive-in claims stations? No. Only a few. Nationwide introduced the country's first drive-in claims station in 1954. We now have them in 48 cities. They are saving people time and trouble.

12. Can I lower my rates? There's a good chance you can. Here are some things you can do:

- Take a larger deductible amount on your collision coverage. This will lower your premium. Example: collision coverage with \$100 deductible may cost you 25 to 30 percent less than the same coverage with \$50 deductible.
- If you have a boy in high school who drives your car, enroll him in his school's driver training course. This may lower your liability rates 5 to 15 percent.
- If you own two cars, be sure they are both insured with the same company. You may get a discount. Nationwide generally offers a 10 percent discount for both cars.
- If you think you're a careful driver, and you have a good driving record, be sure to give Nationwide a try. You may find that we can save you some of your hard-earned money.

If you have any questions that are not answered in this advertisement, check the Yellow Pages for the number of a Nationwide agent. He'll give you the same kind of no-nonsense answers that you've been reading here.

Blatt Confident Of Scott Defeat

MEADVILLE, Pa. (AP)—Expressing confidence she has won the Democratic nomination for the U.S. Senate, Genevieve Blatt said Saturday she believes she will defeat incumbent Hugh Scott more easily in November.

"I feel confident I have won (the primary)," the state secretary of internal affairs told a news conference.

However, Miss Blatt did say she would like to see the election between her and State Supreme Court Justice Michael A. Musmanno officially settled.

Referring to a report that whoever wins will step aside for a compromise candidate in November, she said, "If I win, I win."

Earlier Miss Blatt spoke at a Memorial Day service at the Northwestern Pennsylvania Maple Festival and rode in a parade.

MALAYSIA MAY CANCEL MEET

KUALA LUMPUR, Malaysia (AP)—Malaysia threatened Monday to call off a summit conference in Tokyo next week if Indonesia balks at the withdrawal of Indonesian guerrillas from Malaysian Borneo.

A Foreign Office spokesman expressed indignation at a weekend Indonesian statement which he said was "a sign that Jakarta does not really want a peaceful settlement of the dispute."

Prime Minister Abdul Rahman wants at least a token withdrawal of Indonesian forces from the Malaysian states of Sabah and Sarawak before he meets with President Sukarno of Indonesia and President Diosdado Macapagal of the Philippines.

The foreign ministers of the three nations are to begin the conference in Tokyo June 8. If they make progress, the government chiefs would join the conference two or three days later.

they face the challenge of "hopeless, degrading and abject poverty in the most prosperous economy in the history of the world."

He also brought up civil rights, saying, "So long as one Negro is deprived of his right under the constitution, his cause is the cause of all free men."

Quick! Pick a Chevrolet and fill in the spaces

Now's the time to see the great outdoors in a great Chevrolet buy!

Here you are on the brink of vacation time. There's your Chevrolet dealer in the midst of Trade 'N' Travel Time. You two should get together! Object—celebrating the joys of summer in a new Chevrolet.

Why a Chevrolet? Well, with 15 models in four series, what possible reason is there to look further?

Take the Impala Super Sport (and a lot of people do just that). Comes as a Sport Coupe or Convertible. Has trimmings like front bucket seats, center console, special trim—all as standard equipment. And offers a typically

Chevrolet array of extra-cost options.

Plain Impalas are anything but. They come in all popular body styles, including wagons. They're dressed up to a fare-thee-well; fully carpeted interiors included.

Bel Airs and Biscaynes, the lower priced Chevrolets, make a practice of hiding it. All the conveniences, no sacrificing comfort or style.

Did we mention that Trade 'N' Travel Time won't last forever? It won't. So see your Chevrolet dealer. Then go fill in the spaces.

SMALL FIELD FOR BELMONT ON SATURDAY

By BOB GREEN

NEW YORK (AP)—Northern Dancer has done such a convincing job on the first two legs of the Triple Crown that the smallest field in 21 years is expected for Saturday's running of the Belmont Stakes.

At the moment, only the gallant Dancer and his chief rival, California's Hill Rise, are entered for the 1½-mile test. No more than two or three others are expected for the longest of the Triple Crown series.

It will be the smallest field since Count Fleet swept to a 25-length victory in 1943, opposed by only two others.

GOOD IN WORKOUT

Northern Dancer, E. P. Taylor's courageous little Canadian colt, hustled to a neck victory over the favored Hill Rise in the Kentucky Derby, then confirmed it with a sparkling 3¼-length triumph in the Preakness, the first two jewels on thoroughbred racing's Triple Crown.

And if his would-be rivals needed any further convincing, the grandson of Native Dancer provided it Monday in a sparkling workout at Belmont, going 1¼ miles in 2 minutes, 4 1/5 seconds.

Horatio Luro, Northern Dancer's trainer, was so well pleased he indicated the colt may not blow out later in the week.

HARTACK UP

"I figured he would go the 1¼ miles in about 1:52 and looked for 1¼ in around 2:06," Luro said.

"I thought he went very nicely. The work should set him up just right for the Belmont. I am confident he will be ready for the weekend."

Controversial Bill Hartack, who guided the Dancer to his Derby and Preakness triumphs, will ride again as the dainty, short-striding Dancer seeks the first triple since Citation in 1948. In the 88-year history of the series, it's been done only eight times.

HILL RISE AGAIN

El Peco Ranch's Hill Rise, who will be ridden by Willie Shoemaker, also had a 2:04 1/5 workout, at Aqueduct. Like Northern Dancer, Hill Rise finished strongly. The fractions were nearly the same.

No other starters are definite for the \$125,000-added attraction at Aqueduct, but Harbor View Farm's Roman Brother, winner of the Jersey Derby last weekend, is considered almost certain to go.

Other possibilities include Herbert Allen's Determined Man, who finished with a dull effort in the Jersey Derby. Reginald Webster's National is considered an outside chance to enter.

Says Scranton May Change His Stand

KANSAS CITY (AP)—A leader of the Scranton-for-President move says he expects Gov. William W. Scranton of Pennsylvania to change his position if Sen. Barry Goldwater of Arizona loses today in the California primary.

Stan Christopher, Kansas City lawyer and one of the organizers of the campaign for Scranton, said Monday he thinks if Goldwater loses, Scranton will see it as meaning an open Republican National Convention and will make himself available for the nomination.

Thus far, Scranton has said he will accept only a "genuine and sincere draft for the nomination."

JOHNSTOWN, Pa. (AP)—Four-month-old Vicki Carr of Johnstown suffocated Monday after becoming entangled in a plastic cleaning bag while playing at her home, the Cambria County coroner's office said.

TODAY In History

Today is Tuesday, June 2, the 154th day of 1964. There are 212 days left in the year.

Today's highlight in history: On this date in 1886, President Grover Cleveland married Miss Frances Folsom of Buffalo, N.Y., in a White House ceremony.

On this date: In 1851, Maine became the first prohibition state in the Union.

In 1875, the first night baseball game was played at League Park in Fort Wayne, Ind.

In 1940, the British announced that more than four-fifths of their expeditionary force had been evacuated from Dunkerque.

In 1944, American planes opened a shuttle-bombing base in the Soviet Union.

Ten years ago—A Soviet delegation was welcomed at the opening of the International Labor Organization in Geneva; the Russians had withdrawn from the organization in 1937.

Five years ago—Indonesia's Constituent Assembly refused for the third and final time to grant President Sukarno near-dictatorial powers.

One year ago—Pope John was fighting stubbornly for life but physicians reported death was imminent.

BAIL SYSTEM NEEDS CHANGE

PITTSBURGH (AP)—"Our bail system needs thorough study, the most searching re-examination and drastic revision," says Atty. Gen. Robert F. Kennedy.

In an address Monday night to the Academy of Trial Lawyers of Allegheny County, Kennedy described the bail system as "a cruel and illogical institution which perpetuates injustice in the name of law."

The theory of bail, Kennedy said, is to insure the appearance of a defendant at trial. He added, however, that "in actual practice the bail system measures human freedom by financial ability."

Kennedy, who arrived from Washington almost two hours late, told newsmen he had no desire to run for public office himself. He said he would work for President Johnson in the November election if he is asked.

Bill Pensions Two Honor Medal Men

WASHINGTON (AP)—Two noncombatant medal of honor holders from Pennsylvania are eligible to get a \$100-a-month pension under a bill passed by the House Monday.

The two are James H. McDonald, 61, (R. 1) Roulette, Pa., for actions as master diver during the Squalus disaster, on May 23, 1939, and Oscar Schmidt Jr., 68, (466 E. Market) York, Pa., who jumped overboard and swam to a man with his legs blown off in explosion aboard the U. S. Subchaser 219 and helped another seriously burned victim, Oct. 9, 1918.

A pension after the age of 50 goes with the medal under existing law for those who received it for combat bravery.

WASHINGTON (AP)—Allegheny Airlines says it will begin direct service between 20 cities—five in Pennsylvania—and New York's La Guardia Airport July 1.

Leslie O. Barnes, president, said Monday that for cities such as Williamsport, Bradford, Philipsburg, State College and Du Bois, Pa., this would be the first direct air link with La Guardia. John F. Kennedy International Airport and the expanding Eastern Long Island area.

2 SENATORS USE \$80,000 FOR STAFFS

WASHINGTON (AP)—It took 68 persons—who were paid more than \$80,000 from government—to handle the office affairs of Sens. Joseph S. Clark, D-Pa., and Hugh Scott, R-Pa., during the first three months of the year.

The secretary to the Senate reported that both Clark and Scott employed 34 persons during January, February and in March and each paid his staff more than \$40,000 from government funds.

Some of those employees worked only part time or for only part of the three-month period. Michael J. Byrne, Clark's executive assistant in Philadelphia, was the highest paid employee in both offices at \$4,719 for the three-month period. Scott's highest paid employee was Robert L. Kunzig, his administrative assistant, who received \$4,382.

The amount of money allowed each senator for his office payroll is based on a formula never made public by Senate officials. It takes into account, however, the population of a senator's home state.

START TRIAL FOR MURDER

SAIGON, South Viet Nam (AP)—Vietnamese Army Maj. Dang Sy pleaded innocent today to a charge of "attempted and premeditated murder" in connection with a bloody incident in Hue that precipitated the Buddhist crisis last year.

Dang Sy, 37, went on trial before a nine-man revolutionary court similar to tribunals that sentenced Ngo Dinh Can, brother of the late President Ngo Dinh Diem, and Can's aide Phan Quang Dong, to death last April. They were shot May 9.

Eight persons were killed and 15 wounded after Dang Sy's troops opened fire to quell a Buddhist demonstration in Hue on May 8, 1963. The demonstration was held in defiance of a government ban.

Dang Sy said he was acting under orders from his superiors to maintain order.

JURY OUT ON BIG CIVIL SUIT

PHILADELPHIA (AP)—A U. S. district court jury resumes deliberation today in a triple-damage civil suit against six manufacturers of heavy electrical equipment accused of price fixing.

The jury of seven men and five women deliberated some seven hours Monday after receiving the case at 2:30 p.m. There were 43 days of testimony before Judge Joseph S. Lord III.

A total of \$12.7 million was sought by the Philadelphia Electric Co. and the United Gas Improvement Co. Philadelphia Electric sought \$12.5 million.

Defendants were the General Electric Corp., Westinghouse Electric Corp., Allis-Chalmers of West Allis, Wis., McGraw-Edison Co., of Elgin, Ill. and Maloney Electric Co. and Wagner Electric Co., both of St. Louis.

Dump Judge From His Swivel Chair

TRENTON, N.J. (AP)—Superior Court Judge Frank J. Kingfield found judicial tenure is no protection against a defective swivel chair. He was momentarily dumped from the bench during a trial Monday.

Kingfield was presiding over a condemnation suit when he suddenly sank from view behind the bench.

Spectators rushed to his aid. "I'm sorry to interrupt you," Kingfield told a lawyer who had been making an opening statement.

"This is the first time this has happened," he said looking at pieces of the chair that had collapsed under him.

The trial resumed after another chair was obtained.

CONGO CITY THREATENED BY TRIBESMEN

LEOPOLDVILLE, the Congo (AP)—Troop reinforcements were assembled today by the U.N. Command and the Congolese army for action in Kivu Province where advancing rebel tribesmen threatened the city of Bukavu.

U.N. sources in Leopoldville said 180 Nigerian troops of the U.N. Congo force had been alerted for possible airlift 1,000 miles east from Leopoldville to Bukavu.

Government sources said Maj. Gen. Joseph Mobutu, the Congo army commander in chief, planned to send an infantry battalion north to Kivu from Katanga.

WHITES PANICKING

Bukavu's European colony of 500 whites was reported panicky at a report that the United Nations planned to withdraw civilian personnel from the city of 80,000 people.

Aircraft reportedly spotted about 200 rebel Bafulero warriors—fierce pygmoids—moving north along the road to Bukavu. The 5-foot tribesmen, armed with bows and arrows, spears, clubs and machetes, plus some modern automatic weapons, routed five Congo army companies Sunday at the village of Kamanyola, 30 miles south of Bukavu.

Gaston Soumialot, an extremist who has close ties with Communist Chinese diplomats in Africa, directs the rebels from headquarters in the neighboring kingdom of Burundi.

ABERDEEN IS BRACING FOR MORE TYPHOID

ABERDEEN, Scotland (AP)—The city of Aberdeen braced today for a possible third wave in its typhoid epidemic.

Already 224 persons have been stricken and one woman has died. Another 17 suspected cases are in crowded hospitals and reports of infection are turning up in other parts of the country.

The original outbreak in this seaside city of 186,000 was blamed on a can of defective corned beef sold in a supermarket. The victims spread the disease to neighbors.

Today could be crucial in the fight to confine the disease said city health officer, Dr. Ian MacQueen.

"If there is a third wave—and we should know about the middle of the week—then matters will be very serious," he said.

Sixty-four cases were added Monday to the mounting toll. It was the biggest one-day rise since the epidemic broke out 11 days ago.

Aberdeen remained under siege, with schools and entertainment spots closed and trade half dead. People have been warned not to enter or leave the city.

DEATHS

LOS ANGELES (AP)—Andrew R. Mervick, 61, production manager of the Los Angeles Herald-Examiner, died Sunday of a heart attack. Mervick came to Los Angeles in 1957 from the Pittsburgh Sun-Telegraph. He had worked for Hearst newspapers for 35 years.

LONDON (AP)—Sir Henry Spencer, 72, a leading figure in the British steel industry, died Sunday. Spencer, who had been associated with steel all his adult life, had been managing director of Richard Thomas and Baldwin, Ltd., the nationalized steel company, since 1952.

GENEVA, Switzerland (AP)—Dr. Aly Tewfik Shousha, 72, a founder member of the World Health Organization, died Sunday. Dr. Shousha, who was born in Cairo, had been attending a WHO executive board meeting in Geneva as a representative of the Arab League.

Uses Electricity On False Teeth

WASHINGTON (AP)—Congress gets odd bits of information at its committee hearings. For instance, Douglas G. Wright, administrator of the Southwest Power Administration, has false teeth and he uses an electric toothbrush.

In congressional testimony made public today, he expounded on the insatiable appetite of Americans for electric power and said:

"I now brush my teeth electrically. I am too lazy to brush my teeth with my own muscular power—and they are false, at that."

177 GUESTS AT STATE DINNER FOR ISRAELI

By FRANCES LEWINE

WASHINGTON (AP)—The White House put forth an evening of Bach and dancing in honor of Israeli Prime Minister Levi Eshkol. President Johnson, in a champagne toast, promised efforts to solve Israel's water shortage.

It was one of the biggest state dinners in recent years—with 177 guests—and Johnson was back in dancing form.

Among those he twirled on the marble-tiled north entrance foyer was a former president's daughter, Margaret Truman Daniel.

The President, who had taken a respite from dancing at the state dinner last week for Ireland's president, stayed on the dance floor Monday night for an hour and a half.

LBJ STAYS LATE

He started by twirling Mrs. Eshkol to a medley of show tunes. Though the Eshkols left at 11:40 p.m., Johnson danced on until 12:25 p.m. Mrs. Johnson had already left.

The President escorted his daughter, Lynda, 20, out with him. Then he smilingly brought her back to continue dancing, explaining he had to leave because of an early breakfast with Democratic legislative leaders today.

Bach selections were played by famed violinist Mischa Elman at the after-dinner musicale in the East Ballroom. The Ward Swingle singers, organized in Paris, performed their special brand of vocal and rhythmic Bach.

Eshkol meets again today with Johnson. Also on his schedule were a luncheon with Chief Justice Earl Warren, a meeting with AFL-CIO President George Meany and conferences at the State and Defense Departments. He will be host at a reception late today for President and Mrs. Johnson.

Astronauts Tramp Rugged Country

HOUSTON, Tex. (AP)—At least 23 astronauts will tramp the rugged country of the Philmont Boy Scout Ranch in north-eastern New Mexico the rest of this week.

The space men are completing a quickie geology course with the field trip. Other visits have been made to the Grand Canyon, West Texas and Arizona.

Seventeen astronauts will fly to Trinidad, Colo., today and then motor about 60 miles to Cimarron. Maj. L. Gordon Cooper will fly his own plane to Cimarron. Six more astronauts are scheduled to arrive from Los Angeles.

HONORS SCIENTIST

WASHINGTON (AP)—Sen. Joseph S. Clark, D-Pa., paid a tribute in the Senate Monday to the late noted scientist Dr. Leo Szilard.

Clark expressed his "deep sense of loss" at Szilard's death. He said the scientist "played a key role in the development of the atomic bomb" but after World War II "devoted his entire life to the cause of peace and to disarmament under the force of world law."

RAIL MERGER OPPOSED BY JUSTICE DEPT.

WASHINGTON (AP)—The Justice Department has opposed the proposed merger of the Pennsylvania and New York Central railroads, saying it would create an industrial giant that would drive smaller lines out of business.

The department said its position in a 270-page brief filed Monday with the Interstate Commerce Commission shortly after the Pennsy and Central told the ICC the merger is essential to effective competition in the transportation industry.

The Justice Department opposed the merger on antitrust grounds and said:

"We believe that the public interest in the long term would be better served by alignments in which the Pennsylvania and Central would remain independent of each other."

The department said inclusion of smaller roads within the Penn Central system "would only enhance the dominance of the merged line."

Monday was the deadline for filing briefs in the merger case which has been before the ICC for more than two years, now examiners who conducted hearings in 1962 and 1963, must recommend a decision to the full commission. The Commission's decision could be appealed to federal courts.

Also filing briefs opposing the merger were the city of Philadelphia, the Erie and Lackawanna Railroad, the Delaware and Hudson Railroad, the Boston and Maine Railroad, and the Transport Workers Union of America, AFL-CIO. The city of Philadelphia opposed the merger as in violation of antitrust laws and said: "No city, no state, and certainly no shipper, can stand before this Leviathan."

The Erie Lackawanna said it has "no possible chance to survive as an independent railroad in the face of a Penn-Central merger."

The Delaware and Hudson recommended rejection of the proposal unless the Commission includes the D&H in the merged system. It said the D&H and the Erie Lackawanna lines should be included in the Norfolk and Western system if the N&W system and Penn-Central merge groups are to be balanced competitively.

DATE SET FOR RUBY HEARING

DALLAS, Tex. (AP)—A June 19 show-cause hearing in open court has been scheduled to determine whether Jack Ruby gets a sanity trial.

The condemned slayer meanwhile will receive psychiatric treatment in his jail cell.

Judge Joe B. Brown gave permission for the treatment Monday after three psychiatrists reported Ruby is mentally ill.

Brown refused to say if Ruby is legally insane but said he suffers from "depression and regression."

Ruby, 33, night club operator, was convicted March 14 of murder with malice in the shooting of Lee Harvey Oswald, alleged assassin of President John F. Kennedy.

Brown said treatment for Ruby will start immediately. "If he is not in better health by June 19, then a sanity trial will start July 6," Brown said.

TRADE FUTURE LOOKS BETTER AS GOLD GROWS

NEW YORK (AP)—Gold flowing into the United States instead of away and new respect for the American dollar in foreign money markets are counted among the happiest surprises of the year's first half.

New monetary strength goes hand in hand with improved American trade prospects and the near disappearance of a prolonged deficit in its international payments. Some signs are also reported that it will be Europe rather than the United States that will face payment deficits and currency pressures in the months ahead.

SOVIET GRAIN PAYMENTS

The return flow of gold to the United States, after an almost steady drain since 1957, was helped by the sale of Soviet gold to pay for grain, but even more by the stabilizing actions of the international gold pool set up in 1961 by the United States and seven other nations to police currency raids such as the one that threatened the dollar in October 1960.

And perhaps just as important was that finally gold speculators came to believe the many U.S. government assurances that America wouldn't devalue the dollar or raise the price of gold above the present official price of \$35 an ounce.

GOLD HOLDING GAIN

The return gold flow is reported by the U.S. Treasury's exchange stabilization fund, administered by the Federal Reserve System. The fund's gold holdings fell \$55 million in January; but recovered by \$28 million in February, \$33 million in March and \$176 million in April. At the start of May it stood at \$265 million.

This fund is separate from the Treasury's own reports on its monetary gold reserve. This year there has been only one decline, \$50 million Feb. 12. Since then it has remained at \$15,463,000,000.

With the stabilization fund's \$182-million gain in the first months of the year, and the gold reserve's \$50-million decline, the total gain for the country since Jan. 1 comes to \$132 million.

International bankers see the reverse flow of gold, small as it is, a sign that the international gold pool is working well in discouraging speculative raids and stabilizing the major world currencies.

Frisco Loses Some Of Its Streetcars

NEW ORLEANS, La. (AP)—Shiny, new air-conditioned buses operated today in place of ancient streetcars on Canal Street—this historic old city's main thoroughfare.

The buses took over Sunday. Streetcar No. 958, the last trolley in service, rumbled along on its pre-dawn run Sunday with a shrieking, singing crowd aboard. Everytime it passed a bus, the riders leaned out the streetcar windows to boo and hiss.

Members of Freetcars Desired, Inc., placed a wreath beside the tracks. Its blue ribbon proclaimed: "Canal streetcars. Gone, but not forever."

The city has one streetcar line left. It operates along St. Charles Avenue.

C. E. TOBERMAN RECALLS WORK TO BUILD CITY

By BOB THOMAS AP Movie-Television Writer

HOLLYWOOD (AP)—The view from C. E. Toberman's office window affords a vista of the Paramount Theater, the Masonic Temple, Grauman's Chinese Theater and the Roosevelt Hotel. He can gaze at the structures with satisfaction. He built them.

If his office faced east, he would be able to see other landmarks for which he was responsible. At 84, he speaks with firm voice and certainty.

"This may sound egotistical," he tells a visitor, "but I think you will find it is true: that I have done more than any other man to build Hollywood as it is today."

ENUMERATES BUILDINGS

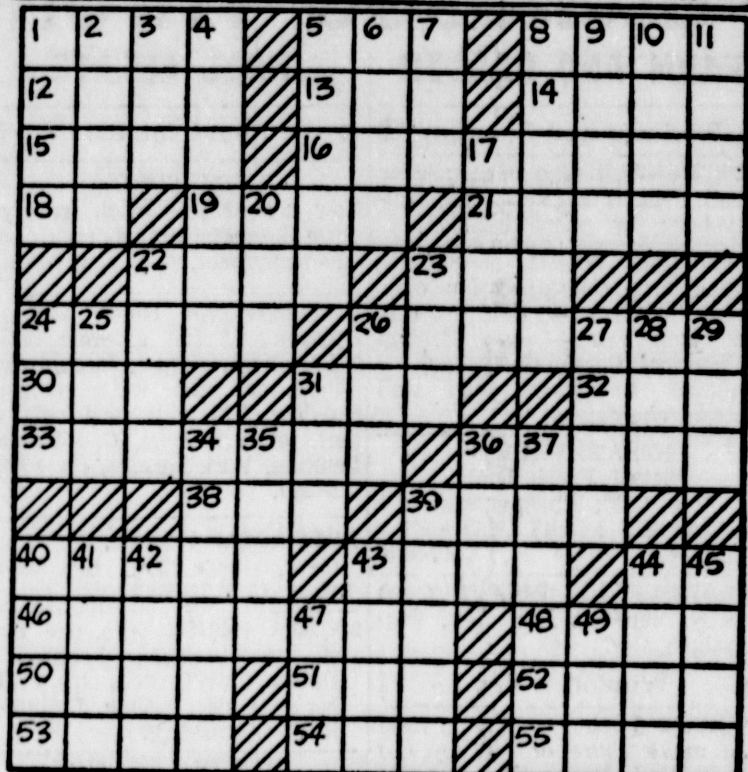

He enumerates what he has built: the Egyptian as well as the Chinese Theater; the first big apartment house, the Garden Court; the first department store; a host of buildings along the boulevard; a studio, box factory and storage building; numerous subdivisions; etc., etc. He also helped found Hollywood Bowl and the Pilgrimage Theater.

Toberman's office is in the new 12-story building of First Federal Savings, which he built from assets of \$1,100 to \$90 million.

He came to Los Angeles in 1902 from his native Texas and worked for the Santa Fe Railroad seven days a week at \$75 a month. Homesickness sent him back to Texas, but a drought returned him here. He lived in Hollywood and took the trolley to work downtown. It was a rickety ride that made him seasick every day, and he decided to find work closer to home.

He dropped into a real estate shack on the boulevard—then

Prospect Avenue, unpaved and rutted. "Need a partner?" he asked the harried-looking realtor.

"Hell, no," said the man. "But I'll sell you the whole business for \$100."

Toberman made a deal for the business, including shack and furniture; \$10 down and the rest later.

At St. Agnes Hospital, Baltimore, where she was a patient for 10 days.

Mrs. Odessa Baltzley, sister-in-law of Mrs. Luther Wetzel, Orrtanna R. D., and Mrs. Eva Baltzley, Elm St., is convalescing at her home in Stewartstown, after undergoing surgery at the York City Hospital where she was a patient for a week.

Mrs. Anne Rollins has moved into her home after completion of rebuilding due to a fire to her residence some time ago. Mrs. Rollins resided at the home of Mr. and Mrs. Arthur Roth until the building was completed.

TO DECIDE ON BALLOT COUNT

PHILADELPHIA (AP)—Chief Justice John C. Bell Jr. says the Supreme Court will determine a method of counting absentee civilian ballots cast in the April 28 Democratic primary.

The chief justice made the announcement Monday after a meeting with attorneys for Genevieve Blatt, state secretary of internal affairs, and Supreme Court Justice Michael A. Musmanno, both candidates for the Democratic nomination to the U. S. Senate, and lawyers for the city.

The counting of 455 absentee ballots has been challenged by attorneys for Miss Blatt.

Ballots have already been removed from envelopes bearing the names of voters, therefore making it impossible to count ballots and hold hearings on them as ordered by the state's highest tribunal, according to the Board of Elections.

DES MOINES, Iowa (AP)—

William Koch, 89, insurance executive and businessman and dean of Iowa Masonry, died Monday.

He was chairman emeritus of the Board of National Travelers Life Co. and was lieutenant grand commander of the Masonic Lodge's Southern Jurisdiction of the United States.

1st Plane Flight Very Discouraging

OKLAHOMA CITY (AP)—Tommy Peyton, 5, described his first airplane ride Sunday as "not so good."

He, his brother Robbie, 10, and their father, Bob Peyton, 33, Oklahoma City were aboard a 1935 bi-plane with pilot Don Ross 30, and plane owner Lee Devin, 38, when the motor quit.

Ross landed in a wheat field, tearing off the landing gear, shearing a wing and twisting a propeller. No one was hurt. Said Robbie:

"I'm not going to fly anymore."

MARYVILLE, Tenn. (AP)—

Sen. John L. McClellan, D-Ark., was hospitalized over the weekend but he was to return to Washington Monday.

An aide said only that McClellan, 68, suffered from a "flareup of a chronic condition."

He was released from Blount Memorial Hospital in Maryville Sunday.

MOSCOW (AP)—Harold Wilson,

leader of the British Labor party, had a lengthy conference today with Soviet Foreign Minister Andrei Gromyko.

Wilson, who will be Britain's next prime minister if Labor wins the fall elections, arrived in Moscow Sunday night for a four-day visit.

NEW YORK (AP)—The Rev. Dr. Martin Luther King says

selective buying might be a good weapon to gain better jobs for Negroes, and the auto industry might be a good place to start.

King, chairman of the Southern Christian Leadership Conference, said Sunday he will call a nationwide conference of civil rights leaders on the subject next fall.

ILFRACOMBE, England (AP)—
